GERMAN CRUISER SINKS 15 BRITISH MERCHANT VESSELS

Armored Barges May Carry Army of Invasion to English Shores

MRS. CARMAN ENDS HER STORY

Accused Woman Called to
Stand; Absolutely Denies
Tale of Negro Girl

DECLARES SUSPICIONS
OF HUSBAND UNFOUNDED

Daughter Elizabeth Testifies
Mother Was in Own Room
When Shot Was Fired

MINEOLA, L. I., Oct. 23.—Mrs. Florence Conklin Carman submitted today to a grueling cross-examination by District Attorney Smith. She spoke low and softly in a colorless voice. The defense attorneys announced they were ready with a witness to substantiate her story told in court late yesterday, and in which she entered a sweeping denial of the charge that she murdered Mrs. Louise Bailey, going item by item over the story of Celia Coleman, the negress in her employ at the time of the tragedy, and charging as false every accusation made against her by her former mind.

Mrs. Carman remained on the stand until noon, answering all questions easily, the prosecution being unable to force her into contradiction. After Mrs. Carman's testimony, under cross examination the defendant said she could not recall when she became suspicious of her husband. She said under private visits with the doctor she heard people ask him about "his girls." They would say, she continued, that the doctor was "some devil," and they wished they had his opportunity to stay out at night. After I installed a dictagraph in his office I was sure my suspicions were unfounded. I heard nothing important over the dictagraph, but I wanted to find out if there was any woman more attractive to the doctor than I.

Her daughter, Elizabeth, testified that she heard a shot on the night of the murder, and that she went to her mother's room and found her there.

U. S. DEMAND WILL BE CONSIDERED

Matter of Vera Cruz Taxes to
Be Taken Up at Convention
at Aguas Calientes

MEXICO CITY, Oct. 23.—General Alvaro Obregon has stated positively that the military convention at Aguas Calientes would take under formal consideration the demand of the United States that the Constitutional government give guarantees in the matter of customs duties and taxes collected during General Funston's regime in Vera Cruz.

AGUAS CALIENTES, Oct. 23.—Announcement has been made that General Zapata, leader of the Morelos army, will not come here to the national military convention in person, but instead will send a delegation of twenty-four of his officers who are expected to arrive here tomorrow night. General Zapata was forced to abandon his plan of coming in person owing to Carranza's threat to have him arrested as he passed through Mexico City.

Y. M. C. A. CONFERENCE OPENS
MORRISTOWN, Oct. 23.—With the theme for discussion, "The Quest of the Best," the annual Young Men's Christian Association state boys' conference began here today and will continue until Sunday. There are several hundred delegates in attendance from all sections of the state, and some noted speakers are scheduled to address the conference.

Opening special on made-to-measure suits, \$25.00 values at \$19.50; \$35.00 suits at \$25.00. This offer begins with tomorrow, Saturday, Oct. 24, and continues for two weeks. Haysom the Tailor, 204 West Fourth St. New Spurgeon block.

Death Strikes at Kaiser's Kin and War Chief

LONDON, Oct. 23.—The death in action on the Franco-German frontier of Prince Max of Hesse, the Kaiser's nephew, was mentioned today for the first time by the war information bureau.

News has been received of the death in battle of Sir John Cavenish, the brother of the Duke of Devonshire.

Lieutenant General Count Helmuth von Moltke, chief of the German general staff, is reported by private advices to be dying from an affection of the liver. He is said to have left the Kaiser's headquarters, General von Falkenhayn, the Prussian war minister, being left in charge.

It is said that many German officers ascribe the check to the German advance to the forced retirement of General von Moltke.

The prince is said to have fallen in the fighting in the Mont-des-Carres region, and to have been buried in a monastery with three British officers slain in the same battle.

TWISTS RETURN HOME FROM ENGLAND

Spent Greater Part of Time in
London; English Confident
of Victory

Mr. and Mrs. C. G. Twist, of 1529 North Main street, with their two sons, Gerald and Eric, and daughter, Enid, returned yesterday afternoon at 4 o'clock from a six-months' trip to England. Their trip across the Atlantic was made on the Olympic.

The Twists spent the greater part of the time in London and were enabled to determine the spirit of the English people with regard to the great European conflict.

Twist says that the English are confident that the war can have but one ending, one that will mean victory for the British.

"Everything in England is quite calm. The attitude of the people seems to be that, now that England is in the war, she will continue it until the end, no matter how many years it takes," said Twist.

The general opinion in England seems to be that the war will not be a short one.

"To walk down the streets of London one would think the people were having a holiday. All the shops display the British flag and the majority are displaying the colors of the allies. In the parks things are quite different. There, thousands of men are being drilled. Many of the enlisted men have not yet secured full uniforms and are drilling in their civilian clothes. As fast as equipment is received for the troops it is distributed."

"More than 700,000 men have already enlisted and there is no doubt in any one's mind but that the million volunteers called for will be secured. In fact the enlistments were so many that the standard chest measurement was increased, as was also the standard height."

"We saw many wounded in the streets of London. All the wounded, however, are anxious to get back as soon as possible."

"All of England is filled with Belgian refugees. The way in which the English have turned over their homes to shelter the unfortunate Belgians is nothing short of marvelous."

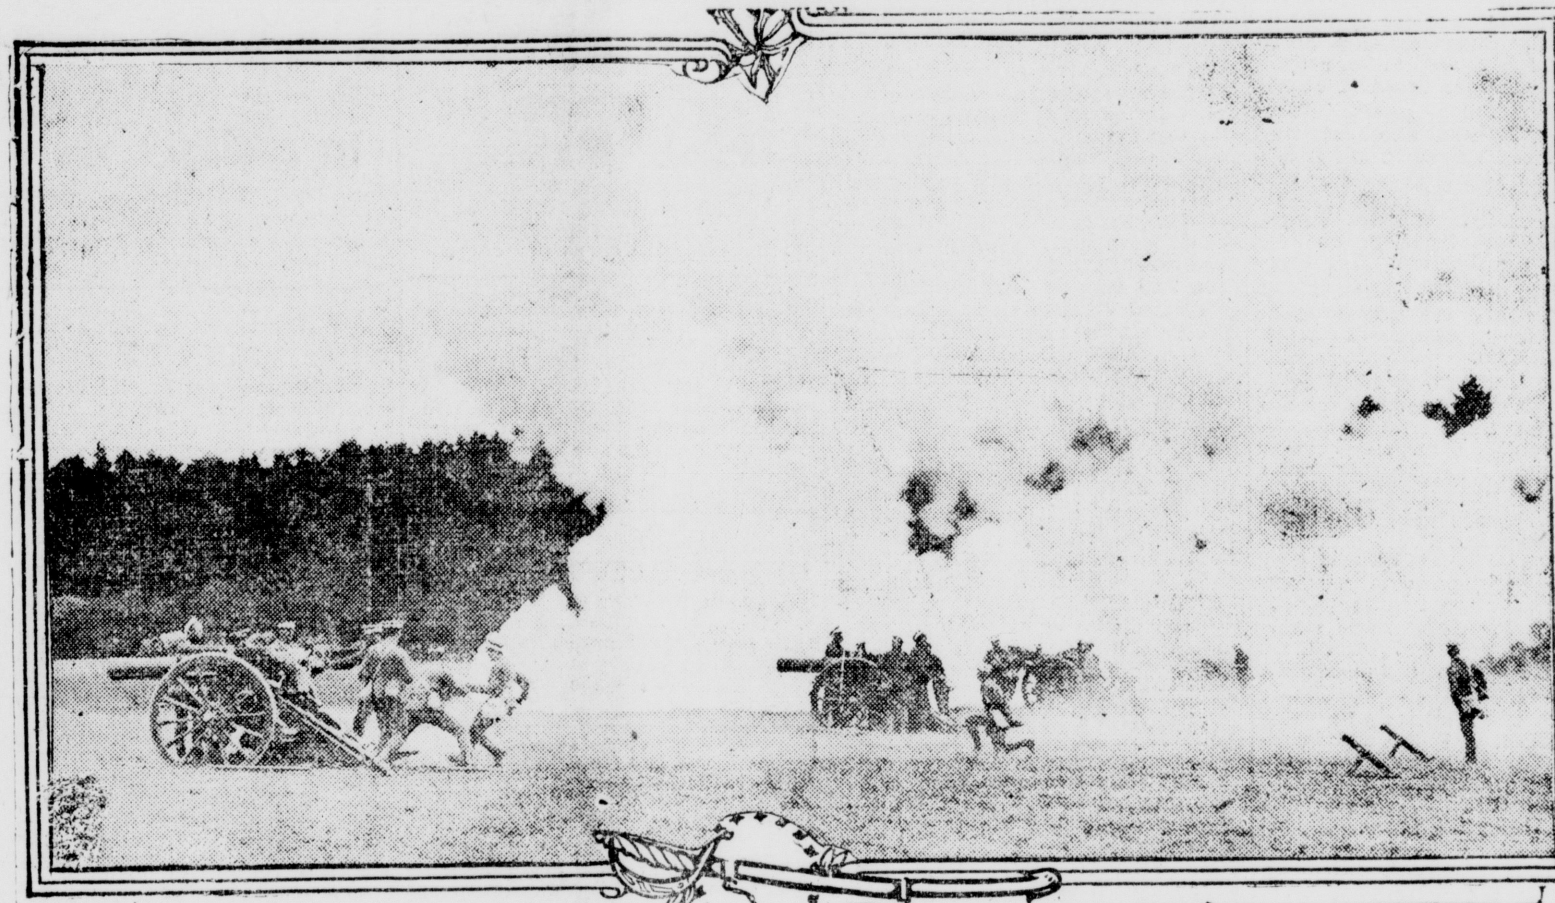

"I have two cousins in the service. One was shot in the neck and has been in a French hospital for some time. He is in a serious condition but it is likely that he will recover."

"Our trip across the Atlantic was uneventful. The Olympic went around by the north of Ireland and carried no lights. Even the log of the ship was not published until we arrived at New York. We saw no signs of German ships."

WEATHER FORECAST

For Santa Ana and Vicinity—Fair tonight and Saturday; westerly winds.

British Artillery in Action in Recent Battle With German Forces

The photograph shows the difficulties under which the enemy labors at times in trying to locate guns. After a battery discharge, immense columns of smoke arise, obscuring the guns, making it very hard to make a target of them.

PRICE OF FLOUR SOARS; RESULT OF WAR

Portland Advances Price 20
Cents With Certain Advance
in Plain Sight

PORTLAND, Ore., Oct. 23.—On account of the enormous European demand as a result of the war, the price of flour was advanced 20 cents a barrel today. A further rise is believed certain.

Sufficient orders for flour have been received to keep all the mills in the Pacific Northwest busy both day and night.

German and British buyers have been competing in the last few days and Japanese buyers have now entered the market.

ANOTHER U. S. PROTEST OVER OIL TANKER SEIZURE

WASHINGTON, Oct. 23.—Acting Secretary of State Lansing announced today that the State Department had protested to England against the seizure of the Standard Oil tank steamer Plautia, requesting her immediate release.

LONDON, Oct. 23.—The American oil tanker Sun, bound from Philadelphia to Amsterdam, arrived today at Falmouth, England.

NEW YORK, Oct. 23.—The fact that the American oil tanker Sun arrived at Falmouth instead of at Amsterdam may mean that she was diverted from her course by the British naval authorities. The wording of the London dispatch is perhaps on account of the censorship.

CONGRESS FAILED TO ADJOURN TODAY; SOUTHRONS SCORE

WASHINGTON, Oct. 23.—Hope of adjourning the Senate sine die today was abandoned this afternoon when the leaders admitted that they were unable to get a quorum. The Senate adjourned until tomorrow without effecting a compromise with the southern leaders who seek immediate action on the Lever cotton bill.

PEACE PRAYER ON SOCKS

LOS ANGELES, Oct. 23.—Stitched to each shirt and sock that the women of Los Angeles are making for the men who are fighting Europe's battles, is a prayer for peace. The work furnishes employment daily to scores of women and girls.

Haysom the Tailor has taken a five-year lease on the business room at 204 West Fourth street, in the new Spurgeon block and tomorrow will open with special prices as follows: All \$25.00 suits at \$19.50, all \$35.00 suits at \$25.00. The special prices will be in effect for two weeks.

TEUTONS BEAT ALLIES

WASHINGTON, Oct. 23.—THE FOLLOWING DISPATCH, SENT WITHOUT COMMENT, WAS RECEIVED BY THE GERMAN EMBASSY FROM THE GERMAN FOREIGN OFFICE: "THE ENEMY IS SLOWLY RETREATING ALONG THE ENTIRE BATTLEFRONT."

Pasadena Adopts Drastic Methods With P. E. Ry.

PASADENA, Oct. 23.—Marking a drastic innovation in the methods of this city in dealing with a public service corporation, the Pasadena City Commission today adopted an emergency ordinance which gives the Pacific Electric Railway Company sixty days to complete the reconstruction and double tracking of its car line on North Lake avenue.

The ordinance provides not only for a fine not to exceed \$500 for each day that the work may be delayed, but also for the imprisonment of the chief officers of the company.

The controversy over completion of the work specified is of long standing. The street has been torn up from end to end and work has been halted by the company.

DEATH FOLLOWS A PROTRACTED SPREE

This morning Tony Lee, employee of a packing house at Placentia, was found dead in his room in a lodging house at Placentia. It is believed that death was due to heart failure following a protracted spree. Lee had been drinking heavily for eight or ten days. He had lived at Placentia about a year.

HUMBOLDT BAY REGION JOYS OVER R. R. ARRIVAL

CAIN ROCK, Cal., Oct. 23.—A celebration is on over the completion of the Northern Pacific railroad from San Francisco to Humboldt bay, and a golden spike was driven in a redwood tree here today. The entire countryside celebrated, speeches and other formalities marking the occasion.

AUSTRIANS CLAIM RUSSIAN DEFEAT

VIENNA (via Rome), Oct. 23.—A decisive defeat by the Austrians of the Russians in Bukovina province was officially announced here today. The invaders are reported as being driven from Czernowitz, chief city of the province, with heavy losses. The war office announced officially that the Austrians had captured 2500 Russians, including twenty-five officers and fifteen machine guns.

SPECIAL TRAIN FOR GAME AT WHITTIER

Arrangements have been made for a special Southern Pacific train to leave here at 12:40 tomorrow noon for Whittier. The train will carry the Polytechnic High School first and second teams and all others who may care to go. The price for the round trip has been fixed at 75 cents.

COMPLETE ROUT OF GERMANS AT WARSAW

Cannon and Equipment Lost in
Mud; Wounded Abandoned;
Rear Harrassed

PETROGRAD, Oct. 23.—Not only did the general staff repeat today its assertions that the Germans are retreating from Warsaw, but asserted that the retreat had now become a veritable rout. German cannon and transportation equipment are reported as being stalled in the mud and hospital supplies and wounded are being abandoned. Many prisoners were taken and the pursuing Russians are reported as hanging on the German's flank and rear.

CETTINJE, Oct. 23.—The severest fighting is in progress between the combined Montenegrin and Serbian forces and the Austrians in Bosnia-Herzegovina. According to an official statement made today the Austrians everywhere have been repulsed despite superior forces. According to military reports to the war office the Austrians assumed the offensive against the Serb right, but were beaten back, turning the tide of fortune toward the Slavs.

MORRILL BROTHERS BUY JAMES' SANITARY MARKET

The James Sanitary Market was sold this week to Morrill Bros., the well known grocers, who up to a few months ago were in the grocery business in the Opera House block.

MEXICAN IS FOUND ON HILL, HELPLESS FOR LAST FIVE DAYS

ORANGE, Oct. 23.—While hunting in the hills two miles from the road in the Santa Ana canyon, Roy Perkins and Earl Peck found a Mexican in an exhausted condition. The man said he had been looking for work, and started to cut across the hills. He became ill, and had been on the hillside for five days. The hunters carried the helpless man to the Maag ranch, where he was put into the hands of a Mexican family.

KARLSRUHE IS DEADLY IN ACTION

Sweeping Trade Route; Furi-
ous Struggle Continues in
the Northern Field

GERMANS RUSHING TROOPS
AND MUNITIONS TO SCENE

Open Country for Battlefield
Lends Itself to Enormous
Loss on Both Sides

LONDON, Oct. 23.—The German cruiser Karlsruhe has sunk fifteen British merchant ships along the trade route between South America and Europe.

This was the news contained in a dispatch received today from Teneriffe. The news was brought there by the German steamship Crefeld, which brought nearly 400 prisoners comprising the crews of the captured ships.

It is unofficially understood here that British warships have been dispatched to search for and engage the Karlsruhe.

LONDON, Oct. 23.—The Kiel shipyards are building armored barges to transport a German army of invasion to the British Islands, according to a Copenhagen message received here today. Some of these are already completed, the message said. It is reported they are capable of making nine knots an hour.

The same message said that Zeppelin sheds are under construction in Schleswig province, presumably with a view to sending a fleet of dirigibles with the barges. No confirmation has been made of either.

PARIS, Oct. 23.—The usual afternoon report of the Bordeaux war office stated that the attacks of the Germans along the entire battle line had continued today with great violence. At various places it is said the allies made gains, but it is admitted that these gains were offset by retirements elsewhere where the German attacks were especially vigorous. In general, there has been no material change despite the fury of the fighting, the statement added. The Germans are reported as particularly active in the vicinity of Arras.

"On our left," the statement said, "German forces in great strength have been making violent attacks along the whole line from La Basse to the sea. On the whole the allies have well maintained their positions. The enemy has also shown especial activity along the rest of the line, especially about Arras and on the Somme. We have progressed, especially in the regions of Rosieres and Sauterre. About Verdun and Pont-a-Mousson we have had some measure of success. Nothing of importance has occurred elsewhere in the western theater of war."

"In Russia, south of the Pilica river, the Germans still hold their positions on the Vistula, except along the line from Ivangorod to Crellide, where they are retreating."

"North of Jaroslavl, the Austrians have been defeated in numerous attempts to cross the River San. The Russians are on the offensive in this section."

The Germans are trying desperately today to break through the line of the allies in the vicinity of Arras and the extreme north. The outcome of the fighting in the Arras region is yet uncertain.

Owing to the flatness of the country where the fighting is going on and the lack of cover, the losses on both sides are enormous. The Germans are using the network of trolley lines in Northern France to rush ammunition and reinforcements to the scene of battle.

Reports from Ostend are conflicting. One report said that the allies' fleet is bombarding the city, and another report denied this.

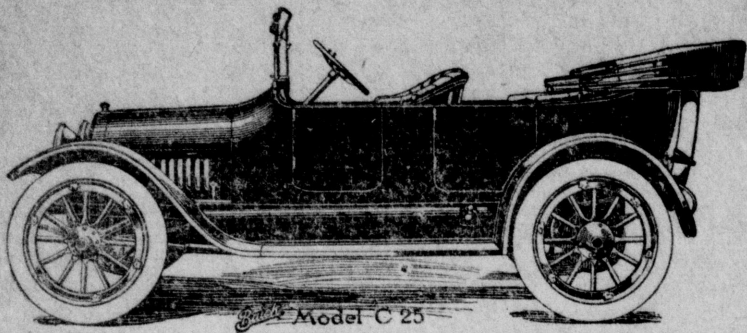

Alcoholism

DOCTORS say that Alcoholism is a disease.
LAW MAKERS build hospitals for the cure of Alcoholism.

JUDGES commit those who are sick of Alcoholism to hospitals to be cured.

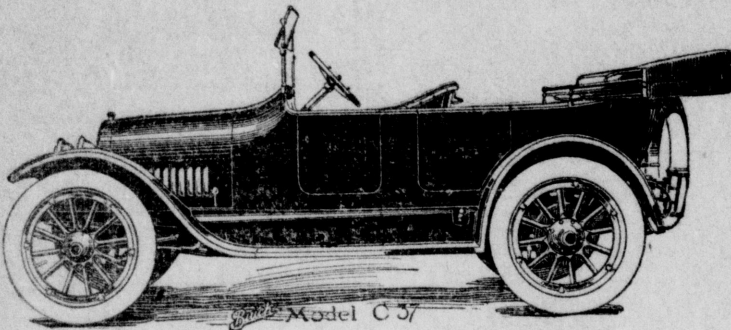

Why not prohibit the traffic which causes alcoholism?
"An ounce of prevention is worth a pound of cure."

Supreme in Speed, Power, Dependability

Speed, power and durability go hand in hand; you cannot have one without the other. These attributes and fuel economy are the important requisites of all motor cars. The first of these four factors in a successful motor is dependability, and it covers a broad field. It means the motor must be able to withstand enormous strains and shocks, high temperature caused by sustained speeds during a long run or race, for a race requires an engine designed to let the gases in and out of the cylinder with the least amount of energy wasted in useless heating. Such a motor is the Valve-in-Head type—the motor that has been standard in all Buick cars for the past twelve seasons.

The Buick line of fours and sixes for nineteen fifteen comprises five models built on three chassis (all have Valve-in-Head motors), and, while the same characteristics and features are largely general in the construction of each, yet enough variation is provided to satisfy the requirements of every buyer, and give him the choice of a Buick to fit his individual needs in either the four or six cylinder.

All Cars are Equipped with the Newest Improved Delco Starting and Lighting Systems.

GASOLINE GOSSIP

Barney for Frisco Races

With the entry of Barney Oldfield in both the Vanderbilt Cup and Grand Prize races to be run in San Francisco on Washington's Birthday, February 22, and on Saturday, March 6, respectively, interest in the two events is, undoubtedly, aroused. Oldfield has deposited \$500 as entrance fees, but has not announced the name of the car he will drive.

The Vanderbilt race will consist of seventy-five four-mile laps, a total of 300 miles. The Grand Prize speed duel is about 400 miles. Prizes aggregating \$8000 will be hung up for each of the events.

De Palma at Corona

The announcement that Ralph De Palma, the famous Italian pilot, will enter the 300-mile grind at Corona on Thanksgiving Day, is causing the Southern California racing fans much joy. De Palma will enter his Mercedes. That the man who twice captured the William K. Vanderbilt, Jr., cup will be a strong contender for first place goes without saying.

Rickenbacher and Grant

Ed Rickenbacher, Peugeot driver, has asked F. H. Ott, chairman of the Corona road race committee, for entry No. 7 for his car. Rickenbacher's Peugeot is the speedy French gascar that Boillot drove into a world's record at Indianapolis last May, and is one of the fastest racing cars that ever figured in any race meet.

Harry Grant is planning on shipping both a Delage and a Sunbeam to the coast for the Corona meet. Dave Lewis will drive one of the cars, it is said, and Grant the other.

A Good Start

Leonard Clark, who recently took over the local agency for the Oakland, has delivered two Model 37 five-passenger cars, one to William English, El Toro, and the other to L. C. Carter, South Bristol street, this city.

San Diego Pays Visit

W. K. Gerbrick, manager of the Cole branch at San Diego, paid a visit to Wisdom and Company, local Cole dealers, Tuesday. Gerbrick reports that business at the southern harbor city is "looking up." He was very favorably impressed with Santa Ana.

What Did it Mean?

George Kellogg was seen madly tearing down Fourth boulevard Tuesday afternoon in a new "most-for-the-money" white Auburn, a newspaper reporter occupying the front seat with George and a photographer holding down the tonneau. Mystery surrounds this little trip. George refuses to talk about it. What does it mean?

Saxons in Demand

Waffle and West have delivered a Saxon each to H. T. Kizer, engineer of the Orange city water works, and to

W. B. Martin, salesman for the Santa Ana Wholesale Grocery Company. A '15 Chalmers "Light Six" has also been delivered to Edward McWilliams, The Second, this city.

Hustling

It keeps Jean Roe, Neff Morrison and Frank Morrison, proprietors of the Fifth Street Auto Repair Shop, on the jump these days to get out all the work they are called upon to do. Never an hour of the day goes by but the "little old red barn" on Fifth is full of hustle and activity.

A Ducking While Duck Hunting

Charlie Davis, who presides in a very capable manner over the destinies of the Ford Sales and Service Company, went duck hunting yesterday morning. Once, while in the thickest of the bombardment in a certain tule patch, he caught sight of a fat flock of fine teal flying overhead. He raised his shooting iron and was about to let drive with both barrels when, down he went into a ditch. One of his top boots became filled with water and he became somewhat dampened generally. However, he managed to knock down nine ducks, which was a greater number than any of the others in the party managed to get.

Two More

H. J. Gerken, Tustin avenue, Orange, has received a Model C "37" Buick touring car and W. A. Huff, this city, a Model C "36" Buick roadster from the Orange County Garage Company, Santa Ana.

Reo for Bates

Wisdom and Company delivered, on Tuesday, a 1915 Reo touring car to C. Z. Bates, Orange.

This Will Help

The Atlanta branch of the Buick Motor Company, feeling they should do their share towards relieving the financial situation now existing in the south, instructed each Buick dealer in Georgia to buy for their account one ton of cotton. Following is the telegram sent out by the Buick Motor Company's Atlantic branch:

"Please buy from the planter for cash and draw on us to cover the purchase, one ton of distressed middling cotton at ten cents per pound. When the cotton grower has prosperity we have prosperity and we are today instructing by wire each one of our agents to buy for our account and hold same until further notice, one ton distressed cotton for cash at ten cents per pound. And to further assist the cotton growers of the south and protect the price of cotton, we are carrying over one-half million dollars cash in Georgia banks, believing the general prosperity of the country entitles the cotton grower to a reasonable and fair price for his crop. We are confirming by letter.

"Buick Motor Co. of Atlanta."

Rise of Boston Braves Reads Like a Romance

Three years ago James E. Gaffney and several friends purchased the Boston National League Club for \$175,000, and assumed a mortgage of \$250,000 on the old South End grounds, writes Joe Vila in the Sporting News. Under the management of John Kling the club lost money in 1912, so Gaffney signed George Stallings at a salary of \$12,000 a year. Again in 1913, in spite of the fact that Stallings pulled the Braves out of the cellar, Gaffney and his partners had to make up a deficit. Yet Stallings encouraged them with a promise to have a champion team this year, a big money-maker.

When Charles Webb Murphy relieved Johnny Evers of the management of the Cubs last winter, Stallings saw a great light. He told Gaffney to secure Evers, no matter what the cost might be, feeling sure that the appearance of the little Trojan in a Brave uniform would popularize the club in Boston, where the Red Sox had enjoyed high favor for nearly a dozen years.

So Gaffney and his partners showed their confidence in Stallings by paying a \$25,000 bonus to Evers to sign a Brave contract at \$10,000 a year. Boston fans, naturally became interested in the Stallings team then and there. The season opened with a flourish of trumpets at the ancient South End grounds. The prospects were rosy, and the club owners were enthusiastic. Disaster, however, was the lot of the Braves, practically from the outset of the long campaign. They couldn't win more than two games out of the first eighteen, and Boston fans began to turn away in disgust. Deep in the National League cellar, the Braves sank, in spite of all that Stallings could do to check their fall. In May Gaffney and his friends were as blue as indigo. It looked like more heavy losses for Evers, yet they were willing to gamble with the future. When the middle of June rolled around the Braves still were despised tail-enders, and the Boston Club was \$40,000 behind. At that rate it seemed as if the club would drop \$100,000 on the season, and Gaffney began to weaken. He admits that he thought of selling out, lock, stock and barrel, and would have carried out his plan. But Stallings had said the word. At the moment that Gaffney informed Stallings that he wanted to quit, the Braves' manager came back with the startling statement that his men would finish in the first three; that the team was about to take a tremendous brace that would set the baseball world on fire.

"I'll take you at your word," said Gaffney, and Stallings went ahead. Hub Perdue was traded to the Cardinals for Whitted and Cather. That was a wise move, for these young men fitted into the Boston team nicely. The Braves instantly showed improvement, and on July 6 they began to play real championship base ball. From that day to the close of the season on a recent Tuesday, they won 68 games and lost 18—a phenomenal record. The achievement was helped along by deals for Outfielder Moran and Third Baseman Red Smith, for whose releases Stallings paid nearly \$10,000.

Meanwhile the Braves drew enormous crowds both at home and on the road. On August 15 they played to 34,000 paid admissions at the Polo Grounds. On Labor Day at Fenway Park the morning and afternoon games with the Giants drew a total of 74,000 fans, who paid for tickets. It is estimated that the Boston club in the National League campaign cleared nearly \$200,000 in profits.

In view of the figures, one may ask: "What is the Boston Club worth today?" Gaffney and his partners probably would ask \$600,000 for the franchise if somebody should ask them to sell, perhaps more.

HOW "TIZ" HELPS SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical. It acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

It's Another Chalmers Year

The Remarkable

Chalmers Six for 1915

\$1800 f. o. b. Santa Ana

The first multi-cylinder car to sell at \$1500—and today the utmost in quality at anywhere near the price.

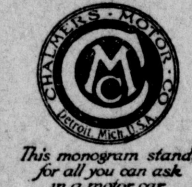

If you have not had a ride in the new Chalmers Six, you have no mental picture of its truly surprising performance.

By a ride, we do not mean a boulevard spin, or a sudden rush up a beautifully paved hill—in short, a cut-and-dried "demonstration." Any good car will make good there.

We mean a cross-country, rough-road drive—over long, engine-testing mountain grades. Such a test always shows up the lightweight, built-cheap-to-sell-cheap car! For, no overlight car can stand this rough-road test, with comfort to its passengers. So, we say—

Don't Buy Any Car on a Boulevard Demonstration

The 1915 Chalmers Six, electrically lighted and started; with one-man top; fully equipped; will give you more REAL VALUE, more QUALITY, more FINISH,

and MORE ACTUAL PLEASURE than any other car at anywhere near the price. A ride is a revelation and you owe it to yourself.

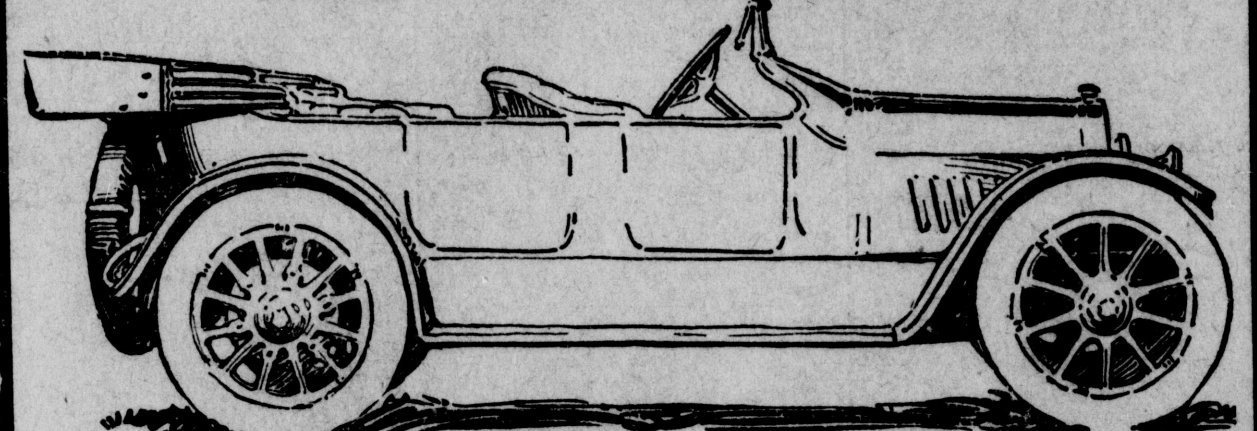

Service Stations in Over 100 California Cities.

W.C.T.U. HEARS OF ELECTION ISSUES

Amendments and Dry Cam-
paign Plans Discussed by
Santa Ana Women

The meeting of the Tustin W. C. T. U. was held Thursday afternoon at the home of Mrs. E. J. Cranston. The attendance was good, two large rooms, hall and stairway being quite well filled with interested women.

The usual business proceedings, the roll call and reports were short at this time because of more important matters which were to be brought up. The president, Mrs. Sarah Brown, was chairman of the meeting. Mrs. Emma Colgan led the devotional exercises, by reading the 37th Psalm and leading in prayer.

A vocal duet by Mrs. E. J. Cranston and Miss Carolyn Bentley, accompanied by Valeda Willard closed that part of the program and Mrs. Tedford of Santa Ana was introduced to give a talk on "What We Can do on Election Day."

In beginning her talk Mrs. Tedford was very appreciative of Tustin and the people here. Said she did not think Santa Ana could tell Tustin anything, but as she had taken part in the house to house canvass she would be able to speak of the final arrangements for election day.

She said they found many women who do not care to vote on political questions and lots of women who will vote on moral questions only. At the fifteen precincts there will be established Dry Federation headquarters and captains to give instructions. A rubber stamp and pad will be provided and all will be shown how to use them. Each woman should get the numbers clear in mind on the sample ballot and have everything ready. They want to have twenty persons at each voting place by 5:45 a. m. All W. C. T. U. members must vote early and every woman is urged to do the same. Automobiles will be provided for invalids and all who cannot walk.

Mrs. J. N. Anderson was then introduced. She called attention to the current issue of "Out West" and the good things on temperance which it contains.

She first spoke of the Webb-Kenyon bill, which provides that no one can send liquor into dry territory. It is working splendidly in Maine and gives a much better chance to enforce the law.

A book will be sent with sample ballots, giving an explanation of each issue to be voted on and every one should try to read it.

There are twenty constitutional amendments, sixteen initiatives and four for referendum. The most vitally important thing for the cause of temperance is to have every one vote "yes" on No. 2 and "no" on No. 47. On the following numbers Mrs. Anderson advised as follows: No. 3, no; if you do not favor the universal 8-hour law; No. 5, yes; No. 9, no; No. 10, no; No. 11, yes; No. 13, well to vote no; No. 14, no; No. 22, yes; No. 30, yes; No. 39, no; No. 44, yes. Read No. 45 carefully. Every one regretted that Mrs. Anderson's talk was curtailed by the short afternoon.

Delicious fruitade and cakes were served in the shop and time following the talk and a salute was given to the Santa Ana ladies.

Musical Recital

A musical recital was held for the little pupils of Mrs. Alice Inman at the home of Mrs. C. O. Artz last Saturday afternoon. The program of piano pieces by the young performers was very pleasing to mothers and teacher, at the close of which dainty refreshments were served.

Those present were Mrs. C. A. Nordstrom and daughters Thelma and Norma; Mrs. Albert Fuller and daughter Velma; Mrs. Charles Willard and daughters Valeda, Evelyn and June, besides the hostess and daughters, Thelma and Louise Artz.

HEADACHE STOPS, NEURALGIA GONE

Dr. James' Headache Powders
give instant relief—Cost
dime a package.

Nerve-racking, splitting or dull, throbbing headaches yield in just a few moments to Dr. James' Headache Powders which cost only 10 cents a package at any drug store. It's the quickest, surest headache relief in the whole world. Don't suffer! Relieve the agony and distress now! You can. Millions of men and women have found that headache and neuralgia misery is needless. Get what you ask for.

for all kinds of Hardware, Cutlery, Tools, Paints and Oils. A good coat of Elasticon Rubber Roof Paint means absolute roof insurance.

Now is the time to use it before the rains begin.

EDITORIAL

WHY NOT LAUGH?

A very clever woman recently made an interesting experiment. She had almost unconsciously fallen into the habit of fretting. Things would not always go smoothly in the family and she found herself gradually losing the strength necessary to battle with the little difficulties that arose. Hence she fretted and worried about all sorts of things.

Finally she developed a case of indigestion. But when a few wrinkles appeared it was too much. She doctor-ed herself to no purpose.

One day in reading she happened upon this sentence: "Men who cannot see their feet are always the joy of nature and invariably remain young." The idea came to her that it is laughing which makes them grow fat. She forthwith determined to make the experiment. Each day she determined to laugh. At first it was very much forced, but after a few days it became easier, just as a music lesson becomes easier by practice and gradually things to laugh at began to multiply and there seemed more than she ever dreamed existed in the world.

There may be some who never tried it and will not believe it, but it is a fact that this woman in a single year gained twenty pounds in weight, has no indigestion, her wrinkles (if she has any) are pleasing ones.

She says herself: "Whereas I had a houseful of fretful children, I suddenly find myself the mother of an entirely different family of happy, laughing children."

"I started my husband laughing at my forced attempts at laughter and from enjoying the joke together we both contracted the habit and where once we found fault, we now find a laugh."

After all, cheerfulness is just as contagious as disease.

You cannot grow into a sunny face. Be as sick and sorrowful as you please, but let a baby smile into your face and you invariably smile back.

The luckiest men and women are those who are born with a disposition which expects no evil.

There are many others who value a bright outlook to health and happiness, and they deliberately cultivate the habit of looking for good in everything and everybody. They are more than lucky. They are wise.

TUSTIN PERSONALS

Miss Orla Fitch spent Saturday and Sunday in Los Angeles with friends. Miss Ethel Doherty spent the weekend in Los Angeles visiting friends.

Mr. and Mrs. C. Truesdale and Mr. and Mrs. Stitts of Los Angeles spent the weekend with Mr. and Mrs. C. E. Utt. They were on their way to San Diego.

Mrs. J. F. Smith and Mr. and Mrs. C. B. Hilton spent the day in Los Angeles Tuesday.

Mrs. L. E. Custer left Thursday morning for her home in Chicago. Mrs. S. D. Ray of Springfield, Ill., now of Santa Monica, was a guest of Mrs. J. A. Probst from Saturday until Monday.

Mrs. A. Getty of Santa Ana and Mrs. J. W. McCullough of Tustin were guests of Mrs. A. D. Turner out at her beautiful ranch home on Irvine boulevard Wednesday.

Mr. and Mrs. Jasper Leck enjoyed the day Thursday at the big Holly sugar factory barbecue.

Mr. and Mrs. Jasper Leck motored to Covina today to visit the family of William Bainbridge, former residents of Tustin.

Albert Hadley and family will spend several months at Newport. He will take charge of the business of J. W. Stuckenbrook while he is in the northern part of the state.

E. K. Freeman of Tulare was a visitor in the home of Mr. A. Thorman this week.

Harry Matthews was taken quite suddenly ill at his home on Tuesday afternoon. He is now much improved.

Miss Hattie Dailey of Long Beach was a guest of Miss Louise Cotant this week.

Meeting Postponed

The meeting of the Coropsis Club was announced to be held Wednesday afternoon with Mrs. Harry Matthews, but on account of the sudden illness of Mr. Matthews the meeting was postponed.

NEW PLAN TO BOOM TUSTIN

The Tustin Publicity Bureau is making preparations to furnish souvenir postals of some of the beautiful spots in Tustin.

E. R. Maury, one of the members of the committee, has had a phonograph make views of some of the streets that Tustin is justly proud of; also a miniature map of Orange county.

Every one interested in Tustin will be urged to mail out as many cards as possible, inviting their friends to pay us a visit next year.

The postals will be sold at one cent each, which is considerably less than cost. It is understood they will be ready for mailing about November 1.

NEW SCHOOL HOUSE

The new Tustin school building is progressing satisfactorily. The finishings above the main floor are beginning to give a shapely touch and the passer-by is able to get an idea of what this building will look like, which is so interesting and important to the members of every Tustin home.

CHURCH NOTICES

CHURCH NOTICE

Tustin Presbyterian Church
Regular services next Sunday as follows: Sunday school, 9:45; morning service at 11 o'clock; Christian Endeavor, 6:30; evening service, 7:30.

Advent Christian Church
Sunday, October 25—Sunday school, 10 a. m.; morning service 11 o'clock. Sermon by the pastor, subject, "The Greatness of Christ." Loyal Workers, 6:30; evening service, 7:30; prayer meeting Thursday night, 7:30.

TUSTIN BOYS' CLUB IS A LIVE SOCIETY

Unites Educative Features
With Social Enjoyments for
Club Members

The Boys' Club is open for its members every evening in the hall over Mock's bicycle shop.

On Monday evening a penmanship class is conducted. A great deal of interest in this class has been shown.

On Wednesday evening a program is given and all who wish to attend are cordially invited to do so. The program lasts from 8 until 9 o'clock. A speaker is usually secured and some music is given by the ladies, the boys often giving athletic stunts.

On last Wednesday evening the program was most enjoyable. One of the features was two songs by Miss Jessie Rawlings, accompanied by Miss Dorothy Utt on the violin. It was expected that the school principal, C. E. Marcey, would speak to the audience, but he was unable to be present, and the president of the club, Gaston Griset, gave an interesting talk on "Self-reliance." After this another song was sung by Miss Rawlings, accompanied by Miss Utt. A kangaroo race by six boys and a violin solo by Miss Dorothy Utt finished the very enjoyable program.

Friday night is the regular meeting night for the public speaking class. It is hoped that a goodly number of the Tustin young men will take an interest in this class.

Mr. Griset, who made a study of Y. M. C. A. methods, is the leader in these classes. He is giving his time to the work of furnishing the young men of Tustin an interesting and instructive place to spend their evenings.

SOCIETY AND CLUBS

To Silverado Canyon

Mr. and Mrs. C. F. Smith, little Rose Marie Smith, Miss Probie Drake, Miss Carolyn Bentley and Miss Florence Stone comprised an auto party going to Silverado Canyon last Sunday afternoon. Out beyond Orange County park a most beautiful and picturesque winding road leads through foothills beside hills more towering and between lofty mountains. The very circuitous road presents an artistic picture at every turn. Sycamores and oaks are growing in their own wild way and on the mountain side flaming bushes of holly are already plain to be seen. Except for an airy now and then the narrow road runs through a real jungle.

A resting place was at last found where on a large plateau Mr. and Mrs. E. A. Mason have built a mountain home between three mountains. Along the front of the plateau a rock fence has been built, outside of which a little mountain stream has been coaxed from a spring higher up. Fruit trees and spineless cactus have been planted in the yard, and close to the house a rustic summer house has been built. The fruit of the cactus is just now ripe, and Mrs. Mason deftly removed every trace of a spine, cut the thick skin of the fruit, peeled it back and presented each of the party with the red, juicy inside of the fruit. It tasted like several different good things, but the fruit itself was something which none of the party had ever before tasted.

The lights and shadows on the mountains, the tinkling of the cowbells and the setting of the apiary were sights and sounds that will not soon be forgotten.

A mountain climb for holly somewhat delayed the trip home, and it was quite dark when the party reached Tustin again.

Literature Section

The members of the Tustin Literature Section held their regular meeting Tuesday afternoon at the home of Mrs. J. P. Hight on Newport Road.

There was a very good attendance. The ladies have adopted the plan of answering the oil-call with an item of current interest from any source. The work for the afternoon was taken from the Literary Digest, each lady choosing an article or portion of one to read, with a discussion by the class following.

Near the close of the afternoon a social time was enjoyed and dainty refreshments were served.

At Miss Childs' Home

Under the beautiful rose arbor at the home of Miss Minnie C. Childs last Saturday twenty-five ladies, members of the Santa Ana Art Study Club enjoyed a delicious picnic dinner. Miss Childs' home was given over to their entertainment and enjoyment during the day and in arranging for the occasion she had exercised her artistic taste in a decoration of trailing asparagus fern around the railing and columns of the porch and large bowls of handsome roses here and there through the rooms.

The ladies came out in automobiles, arriving between 10 and 11 o'clock, and the remainder of the morning was spent in conversation and the enjoyment of the beautiful paintings of which Miss Childs' home is full. The lilacs, iris, poinsettias and roses painted on different pieces of china seem just ready to be plucked.

The hostess had been warned that she was not to prepare anything to eat, and as luncheon time approached some of the ladies became very busy with certain little side tables and such things as fried chicken, meat loaf, sandwiches, olives, fruit salad, chicken salad, nuts, jelly, pickles, preserves and a variety of fruit began to appear.

At the side of the entrance to the yard is the rose arbor on which the large cream—shading into pink—roses are now in generous bloom.

A table had been extended through the length of the arbor and was cen-

tered with a basket of Maman Cochet
roses with plumosis fern trailing from
the basket to each end.

When the luncheon committee had
arranged a most inviting repast it was
found that the hostess had supple-
mented the good things mentioned
above with an abundance of flaky lit-
tle hot biscuits and coffee and a bas-
ket of luscious big apples.

Misses Gertrude and Dorothy Utt as-
sisted the luncheon committee in the
serving.

At the close of this enjoyable repast
a short business meeting was held, at
which time the president, Mrs. A. J.
Padgham, gave a short talk, review-
ing the history of the club and giving
an interesting plan of work for the
coming year.

Mrs. A. J. Lawton gave a short re-
sume of the beginning of the club and
spoke of its charter members. An en-
thusiastic vote of thanks was given
Miss Childs for her hospitality.

After luncheon the party returned to
the house for a little social time fol-
lowed by an inspection of sketches
made by Miss Childs on a recent trip
to Lake Tahoe and San Francisco Bay
which were especially enjoyed.

Miss Childs then entertained her
friends with an informal art talk
which was suggested by pictures of
different styles of pottery taught in
the different schools of pottery in the
United States.

The name and address of each lady
was given in her own handwriting and
the hostess will treasure this registry
as a memento of the day. They were:
Mrs. A. J. Padgham, president; Miss
Josephine Alexander, vice-president;
Mrs. M. B. Buerger, secretary and
treasurer; Mrs. L. E. Carter, Miss L.
Blanche Darling, Miss Margaret C.
Gallup, Mrs. Effie E. Lee, Mrs. George
S. Smith, Mrs. Emory Ratcliffe, Mrs.

Section will hold its regular meeting
next Wednesday afternoon at the
home of Mrs. E. M. Neally.

Progressive Whist
At the beautiful bungalow home of
Mrs. John A. McFadden on First
street last Saturday afternoon a large
number of Santa Ana guests as well
as those from Tustin were entertained
at progressive whist.

Baskets of handsome yellow chrys-
anthemums gave their rich autumn
coloring to the lovely rooms, and
these were offset by a generous quan-
tity of maidenhair ferns and graceful
papyrus.

Misses Kassa Bailey, Helen Rein-
haus, Florence Crosier, Mrs. Will
Spurgeon, Jr. and Mrs. Wm. Malone
assisted the charming young hostess
in entertaining. Interesting scores of
progressive whist were in progress
during the afternoon, and the prizes
were won by Mrs. F. C. Marple, first;
Miss Rosa Boyd, second; Mrs. O. K.
Foggy, third, and the consolation to
Miss Hutoqua Hossler.

On small tables decorated with
splendid long stemmed chrysanthem-
ums, delicious refreshments were
served. As the guests were enjoying
the dainty repast, mysterious slips of
paper were passed, among them being
the numbers one, two and three. Mrs.
J. J. Roper, Mrs. J. H. Martin and
Mrs. John Tubbs respectively drew the
fortunate numbers and were awarded
each a bouquet of the beautiful chrys-
anthemums.

The Stein-Bloch Label on a Suit or Overcoat Stands as a Warranty

Warranty of what? That fabrics are the best, dollar for dollar, to be had? That style is right because it is Stein-Bloch style?

All of that—and then this other thing so rare in clothes now-a-days: Every stitch is there, and every stitch is right.

That's why the clothes and the label stand up together through months and months of wear.

That's why the Stein-Bloch label means clothes distinction that sticks.

Ready for this Season: Stein-Bloch Suits, \$20 to \$25 Other Good Suit Values at \$15 up

Hill-Carden Co.

112 West Fourth St.

MAIL 6 TONS BALLOTS FROM LOCAL OFFICE

If you live outside the business district and get only one mail delivery tomorrow, do not think it is because Postmaster Shaw is neglecting his duties. Only one delivery will be made, except in the downtown district, for the very reason that the entire local postoffice force, from Postmaster Shaw down, will be attending to their duties, in their usual efficient manner, delivering more than six tons of sample ballots to the houses of local voters and to the trains departing for the various cities and towns in the county.

About forty bags, having a total

weight of more than two tons will leave Santa Ana in the first mail to go out in the morning. The entire city force of nine carriers, assisted by two "subs," will be required to deliver the election literature here. Each carrier will deliver an average of 400 pounds of ballots.

The postage on the ballots, of which there are more than 24,000, amounts to close to \$1000. Each envelope costs four cents to mail.

More than 100 tie sacks were required to contain the ballots to be delivered to trains.

Under the regulations, the ballots cannot be mailed until tomorrow. However, this did not prevent Postmaster Shaw and his assistants from preparing for tomorrow's rush of business. The ballots have been coming into the local office all week. The work of separating the ballots has gone on smoothly and when the deliveries are started in the morning, there will be no hitch. Had the local office waited until today to take care of the ballots the office would have been literally swamped.

The bigger part of the deliveries will be made tomorrow. The office expects to complete the work Monday.

Change is Made

The Pacific Electric has made a change in its Huntington Beach service. The 1:50 p. m. car will leave at 1:56 p. m., and it will wait at Fourth and Main streets for the Orange connection.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

WESTMINSTER NEWS BUDGET

WESTMINSTER, Oct. 23.—Mary Epinette, daughter of Warren Epinette, formerly of this place, died at Los Angeles on Saturday Oct. 17. Funeral services were held in the city on Monday, Oct. 19. Dr. Charles Edward Locke, officiated. The pallbearers, members of her class in the grammar school of this place, were Francis Reed, Francis McFarland, Lorena Culver, Eva Murdy, Dortha Bynum and Loyola Rich. Mesdames Penhall, Reed, Upton, Wright and Misses Glenna and Margarite Wright accompanied the girls to the city. Prof. Hosack and the school sent a beautiful flower piece. The family were moving from Westminster to Merced when Miss Mary took sick and died while visiting relatives in the city. The interment was at Rose-dale cemetery.

Mr. and Mrs. Clyde Day and Mr. and Mrs. Harry Penhall motored to Covina on Sunday and spent the day at the home of Mr. and Mrs. Jesse Worthy. Mrs. Penhall and Mrs. Worthy are sisters.

Dr. E. S. Reed returned Friday from a two weeks visit with his sister's family in Elsinore.

Mr. and Mrs. F. Rich and two children from Arizona arrived last week at the home of his father, J. Rich, east of town.

Rev. W. J. Waltz and wife from Long Beach moved in on Thursday. Rev. Waltz is the new pastor of the Methodist church.

At the Christian Endeavor social held Friday night at the home of J. A. Murdy. Halloween decorations, Halloween games, and refreshments of apples, doughnuts and coffee held sway. A very pleasant evening was enjoyed by a large number of young folks.

Chas. Parr and wife attended the Riverside fair last week and visited with relatives in Riverside for a week.

Chas. Frost and son Ralph of El Segundo spent the week-end at the home of Mr. Frost's parents.

Chas. Rutter of Fruitvale, who has been a guest at the home of his mother, Mrs. H. E. Rutter, for the last week returned to his home on Monday.

Jose Torrees, a Mexican, who had been discharged from the railroad section gang attacked Euphenia Dilary and her mother. Neighbors went to the rescue and Deputy Sheriff E. Larter arrested the Mexican and took him to Santa Ana.

Licensed to Wed

Marriage Licenses were issued in Los Angeles yesterday to Sylvester C. Ames, 63, of Stanton, and Anna A. Smith, 63, of Los Angeles; Asa G. Snow, 26, and Itasca Craig, 22, both of Westminster.

Do you know that you can buy at Gilbert's Beautiful Silk Blouses and Basques, positively the latest styles, at from \$3.98 to \$6.00? You will have to see these lovely waists on sale. Take elevator to our Modern Coat and Suit Department.

(AUTHORIZED PUBLICITY)

Exceptionally Well Qualified Candidate For Superior Judge

R. Y. WILLIAMS

One of the weaknesses of the public service always has been the reluctance of men of really first-class ability to stand as candidates for public office. And often when such men can be induced to become candidates they are, as candidates, temperamentally weak—that is, they are not good campaigners, and are, therefore, usually beaten by some candidate of inferior ability and fitness, but who is a better campaigner.

There are two principal reasons why men of first class ability often are not available for the public service. One is that they can earn more in business or profession than the office pays, and the other is that running for office, and the annoyances incident to public service are distasteful to them.

Fortunate, therefore, is the community in which occurs an exception to this rule, especially with respect to the office of Judge of the Superior Court. And fortunate is the country as a whole that such exceptions occur oftenest with respect to judicial office. Peculiar honor and dignity attaches to the office of judge, and on

the bench is found opportunity for public service of the highest order, and it is these considerations—honor conferred by their fellow citizens and opportunity for distinguished public service—which appeal to men of ability and patriotism as inducements to sacrifice of monetary advantage and personal predilection.

That exception to the rule of disinclination on the part of men of first class ability to accept public office is found in the candidacy of R. Y. Williams for Superior Court Judge. It is upon these considerations that Mr. Williams is generally recognized as one of the foremost lawyers in Southern California, and as the leader of the Orange county bar. He is distinctly a man of judicial temperament. He has spent his whole mature life in this community, and knows the people and the conditions of Orange county and the state generally as few men know them.

It is upon these considerations that Mr. Williams' candidacy is presented to the electors, and upon which his friends confidently rely for his success at the polls next month.

between his statement and mine. Dated this 21st day of October, 1914. C. E. RUDDOCK, Sheriff of the County of Orange, Cal.

A STATEMENT BY SHERIFF RUDDOCK

THE REAL FACTS ABOUT THE SHERIFF'S OFFICE

I have read the printed circular by Wallace W. Davis respecting some matters in the Sheriff's office, and desire to state to the voters of Orange County the true facts as follows:

First. When I became Sheriff of Orange County, Mr. Lacy, the outgoing sheriff, gave me the schedule of items of costs for conveying prisoners from Orange County to the state prisons, and that schedule was exactly like the one sworn to by Mr. Law and complained of by Mr. Davis. Mr. Lacy explained that the State Board of Control would allow first-class railroad fare. I adopted that schedule without knowing what the exact provisions of the law in that regard were.

Mr. Law, my deputy, was receiving no salary from the County of Orange, but was interpreting in the court and doing extra work for me, such as forwarding prisoners. After taking up several prisoners, he told me that by taking them on the boat, with more time and discomfort to himself, he could get them cheaper, and wanted to know if it would be all right for him to do so, and keep the money thus saved, since it would cost the state no more. I knew of no reason why he should not do so, and so told him.

Subsequently the State Board of Control advised me that where prisoners were forwarded by boat, nothing but the actual expenses could be allowed, and upon being so advised, I immediately returned \$9.40, the amount over-charged by mistake, on the transportation of Peabody, that being the only one brought to my notice at that time.

About a year afterwards, I learned that there were other cases in which the same mistake of over-charge, on account of transportation by boat, had been made. I at once ascertained the amount and forwarded it to the State Board of Control, and hold a proper receipt therefore. I never made or allowed a charge for services which I had any reason to know or believe was illegal or improper, and as soon as I was advised of any mistaken charge, I promptly remitted the amount.

Second. As to Mr. Law receiving double compensation as interpreter and deputy, the facts are these:

Mr. Law has never acted as interpreter when I took one moment of his time from his work as deputy sheriff, or interfered in the least with his duties as such. His interpreting, in almost every instance, has been done when he was in charge of the prisoner and present in the court room, and an interpreter was needed at once. And it has been a great convenience and economy of time, both to the court, the attorneys and all others, to have him act as such.

As soon as the question was raised as to his right to receive the \$3.00 provided by law, the matter was referred to the District Attorney and by him decided to be a perfect and valid charge.

I have lived in Orange County many years and am probably as well known as Wallace W. Davis, who has not been here a year, and I leave it to the readers of this statement to decide

STRONG ENDORSEMENT BY LEADING ATTORNEYS

Santa Ana, Calif., Oct. 21, 1914. To the Voters of Orange County:

We, the undersigned, have practiced law in this county for a dozen years and more and have found it necessary to employ the Sheriff's office on numerous occasions during all of said time; and we have found the administration of the Sheriff's office by C. E. Ruddock faithful, efficient and honest. He has been brave in danger and unflinching in the enforcement of law and order.

We have read the statement of Wallace W. Davis in his circular, "Facts About Sheriff's Office," and we consider his attack upon C. E. Ruddock unfair, unwarranted and unjust. We have examined the facts contained in said attack and believe that Mr. Ruddock acted in perfect good faith throughout and promptly repaid every item of overcharge as soon as he learned of the same.

We have also known Mr. Ruddock for many years in this county and his reputation as an honest, clean and patriotic citizen is above reproach. We therefore recommend him to the voters of Orange County for re-election as the cleanest, most efficient and dependable candidate for Sheriff.

HOPELESS LUNG TROUBLE CURED
Many recoveries from Lung Troubles are due to Dr. Bell's Pine-Tar-Honey. It strengthens the lungs, checks the cough and gives relief at once. Mr. W. S. Wilkins, Gates, N.C., writes: "I used Dr. Bell's Pine-Tar-Honey in a case given up as hopeless and it effected a complete cure." Get a bottle of Dr. Bell's Pine-Tar-Honey. If your cough is dry and hacking let it trickle down the throat, you will surely get relief. Only 25c at your druggist.—Advertisement.

VOTE FOR

Lieut. Governor
For Governor and

VOTE 'YES' ON AMENDMENT
NO. 43

Attention is called to the great importance of amendment No. 43, exempting certain property of colleges from taxation. The passage of the amendment is strongly urged on the following grounds:

1. California is the only state in the Union thus taxing educational service.
2. Such taxation returns only a trifling income to the public but, on the other hand, operates to the injury of the educational interests in the state in that the tax increases with the efficiency of the service rendered.
3. This situation, moreover, prejudices all eastern educational boards and individuals against gifts to California institutions.

4. The reasonableness of the amendment is indicated by the fact that there was only one dissenting vote in either chamber of the legislature and by the further fact that no opposing argument has been made in the state official document bearing on amendments.

FREEDOM OF SPEECH

Many people say that money can buy anything. You can order a court decision or an election, just as you buy a suit of clothes. They say newspaper support is for sale on the basis of advertising space. Also that college professors see a new light in matters of economics when donors come around with liberal views about endowment funds. Maj. Wiener, an English graduate of Harvard, has just told that university that it will miss a gift of \$10,000,000 from his estate, if it continues to harbor Prof. Munsterberg, who has been making such bitter attacks on the allies in the European war.

There are some things money can't buy. Even the most pathetic little rag of a country newspaper may have as much independence as the millionaire publisher. The editor's desk may be a dusty catch-all of musty papers, his office unswayed, his type battered. But that smoochy sheet where he speaks his editorial opinion is the one square foot on the planet where he is lord and master. Cash is no equivalent for his individuality. And the country editor has no monopoly of this independence.

Similarly a college plant and equipment may be a joke. The half-paid faculty may be rusty, seedy, threadbare. Or it may be an institution hoary with age and rich in art and architecture, yet needing millions to enable it to cope with modern life. Whatever the institution, it almost invariably cherishes its aloofness from the world of dollars and barters. It is one free spot where all opinions can contribute to the search of truth as the final standard of value.

The American people do not seem to sympathize much with Prof. Munsterberg's point of view. That is immaterial. Few of them would care to discipline him by depriving him of his job. It would be too obvious encouragement to the many interests that would find college opinion useful in their business.

ISSUE IS GRAVE ONE

Twelve years is the length of one term of office to be filled by the people this year.

This extended period is a serious thing in itself but the gravity of the situation deepens when it is known that the office itself is one of the highest judicial positions in the state.

The people's rights and public welfare are involved in this matter, for the successful candidate, whether weak or strong, will hold, hard and fast for a dozen years, the vital position of presiding justice of the district court of appeal.

Judge Nathaniel P. Conrey now oc-

Wear a suit like this

Will the Electors of Other Parties Vote for Johnson?

(Answer by Chas. H. Stanley, Prominent Santa Ana Attorney, Republican.)

To John Beatty, Esq.,

President of the Johnson-Eshleman Club.

Sir:—For the past thirty years I have been a member of the Republican party, and am now, but I am going to vote for Hiram W. Johnson for governor on November 3, 1914, and believe that I will be none the less a good Republican by so doing.

The Governor has surely lived up to the platform on which he conducted his campaign in 1910, has kept the promises he then made to the people of the state, has rendered faithful, independent and valuable services to them and can give them still better service if permitted to carry on for another term the good work he has commenced in their behalf.

When public officials are competent, faithful and independent they should be rewarded by a re-election and such reward should not be withheld because of any objections to the political party of which they are members.

This is good Republicanism, also good citizenship.

Yours truly,

CHARLES H. STANLEY.

Dated at Santa Ana, Oct. 23, 1914.

AMUSEMENTS

The Great Alexander

The Great Alexander will commence a three-night engagement at the Grand tonight.

Alexander's performance is completely new from the average theatrical offering. It will include some high class music, a number of diverting examples of Hindoo magic, spiritualistic cabinet manifestations and the program will be brought to a conclusion with Alexander's famed Simla Seance, during which he will answer scores of sealed questions written by his audience. These questions may have to do with love matters, with contemplated business changes or may refer to missing relatives and friends. Alexander will answer them all, no matter what the query may be or how seemingly baffling and unanswerable. That his answers are absolutely accurate will be attested to by the writers themselves who may marvel at the supernatural powers of the Man of Mystery, while at the same time they admit the un-failing truth of his replies.

There will be a special matinee Saturday for ladies only.

The Funniest One

"A Pair of Sixes" which is acclaimed by all of the New York, Chicago and London critics as "the funniest farce in the world," will be presented at the Grand Opera House on Monday, October 26.

The play is a farce in three acts by Edward Peple, author of "The Prince Chap" and "The Littlest Rebel." The story concerns the quarrel of two young men, proprietors of the Eureka Digestive Pill Company, each of whom claims the credit for the success of the business. Their lawyer, unable to assist them to an amicable settlement, suggests a hand of poker to decide which shall conduct the business unopposed by the other. A pair of sixes is the winning hand. Under the agreement, the loser becomes involved in a series of complications, from which he ultimately is rescued by a scheme of his sweetheart.

Anniversary Program

Last night the patrons of Clune's Theatre were treated to an entertaining special program arranged by Manager Russell to celebrate the first anniversary of Judge Bledsoe of San Bernardino as the new federal judge has been confirmed, and that Judge Bledsoe would probably begin his duties yesterday. Judge Bledsoe is well known in this county.

mittently unfolded a lot of real joy. Two picture reels were screened not down on the long program—one being the "Ironmaster," the other "I Love the Nurses." The latter is one of the funniest comedies yet produced. It created a furor of laughs. "Ye Vengeful Vagabonds," a two-part Selig drama, was the feature reel. "Seth's Sweetheart," featuring Viola Davis and "What the Daisy Said," featuring Mary Pickford, were productions of merit.

There were four vaudeville acts. Lillian Kirksmith, a dainty bit of femininity, played flute solos most artistically. Collins and Abbott programmed as "those nifty dancers," do very creditable feat work.

Our own Prof. Tony DeNufrio's stage appearance under "nom de plume" of "Allegro, the Different Violinist," was greeted with hand-claps. He is a finished artist and demonstrated his capability of pulling a "broken-string-stunt" which won the sympathy of the audience before they "fell" that it was a bit of stage trickery. DeNufrio is a real find whether he has the four strings or but one left.

DeBelle and Van—comedy singers, are aristocrats in their work. They have a line of the choicest "patter"—a singing monologue act given with a satiric finish without the least bit of discoseness, that stamps them indelibly for the big time circuits. Here's a hand. The same performance will be repeated again this evening. See it.

ONE-MINUTE INTERVIEWS

What People Are Talking About

J. C. Lamb: "County tax money is coming in rapidly," said J. C. Lamb, who takes in the tax coin for the county. "I have noticed that the proportion of those who pay both installments is lower this year than in the first installment period pay both installments, while those who wait to the last few days as a rule pay but one installment. Four or five years ago three-fourths of the early birds paid both installments."

F. O. Naniel: "I was informed yesterday by the deputy in the federal court in Los Angeles that the appointment of Judge Bledsoe of San Bernardino as the new federal judge has been confirmed, and that Judge Bledsoe would probably begin his duties yesterday. Judge Bledsoe is well known in this county."

Tomorrow the new tailoring establishment of Haysom the Tailor, opens for business in the new Spurgeon block, 204 West Fourth street. Beginning with opening day and continuing for two weeks, the following special prices will be in effect. \$25.00 suits at \$19.50, \$35.00 suits at \$25.00. Come early for choice of our large stock of fine wools imported and domestic fabrics.

One active young officer who will be on the job every minute, is worth two that can never be found when wanted. Moral: Vote for Russ Coleman for Constable.

—Miss Ruth A. Crosby, teacher of piano. Special attention to beginners. 1904 Valencia St. Pacific 5983; Home 4251.

—Watch our display add for the special tomorrow. Merigold Bros.

Doings In Social and Club Circles

AT THE PRINCE HOME

Delightful Afternoon Where Mrs. Prince Was Aided by Daughter, Miss Conder

Mrs. E. H. Prince delightfully entertained a number of her lady friends yesterday afternoon at her home at 702 Hickey street. The parlors were decorated with large bouquets of chrysanthemums and potted plants. The afternoon was spent in pleasant conversation over dainty fancy work, followed with lively games and music on the phonograph. The latter part of the afternoon the guests were entertained by Mrs. Prince's daughter, Miss Frances Conder, who has recently graduated from the Santa Barbara School of Domestic Science, with a dainty two-course luncheon, in which she carried out a butterfly scheme. The covers were marked by little cards in which a butterfly was fastened. The centerpiece of yellow chrysanthemums was reflected from a large mirror and an immense yellow flower shaded the electric light bulb over which butterflies were hovering. The entire ensemble in connection with the beautifully appointed table was charming.

The dainty collation consisted of salad sandwiches, ice cream and cake, all served in the butterfly design carrying Miss Conder's clever butterfly scheme. This part of the entertainment was a pleasant surprise to Mrs. Prince from her daughter.

The following ladies present with the hostess, Mrs. E. H. Prince, were: Mrs. J. G. Kennedy, Mrs. A. Getty, Mrs. C. C. Collins, Mrs. L. B. Skiles, Mrs. J. E. Kellogg, Mrs. F. L. Andrews, Mrs. D. L. Anderson, Mrs. J. B. Stewart, Mrs. Lea Warren.

Real Old-Time Gathering

Mr. and Mrs. W. D. Lantz, 1019 Ross street, were hosts last evening to the following relatives: Mr. and Mrs. James Malcomb, Mrs. Lee Graham and son, James, and Miss Helen Graham, all of Tacoma, Washington; Mrs. Fred B. Call and Miss Dorothy Call of Los Angeles; Mr. and Mrs. William Hantsbarger, John D. Malcomb and Mr. and Mrs. James O'Brien of Santa Ana.

As usual the Washington visitors had to interrupt the most interesting conversations by saying something very flattering, but true, about how delightful everything is in Santa Ana and Southern California. Their friends believe there will soon be a few more names added to the permanent list of residents of Santa Ana.

Agricultural Club

The Agricultural Club of the Poly High had a most profitable and interesting meeting last night, addressed by Henry Padgham, honor graduate from the State Agricultural College of Oregon, and now engaged with C. P. Taft, the olive horticulturist and agriculturist. The talk was on the avocado, the cherimoya, fejoia, persimmon and loquat. A few ranchmen, responding to the invitation given to the ranchmen to attend the meeting last night, were present. The meeting was the first held by the club this year and was one greatly enjoyed.

Donald Stevenson, president of the club, opened the meeting and Prof. Montgomery introduced the speaker.

Going on a Vacation?

AUCTION BRIDGE PARTY

Sixteen Ladies Entertained by Mrs. Briggs With Pretty Afternoon Affair

Mrs. George S. Briggs yesterday entertained sixteen ladies with an auction bridge luncheon. Pink chrysanthemums were used throughout the house with the exception of the dining room where pink carnations and double white marguerites were massed in cut glass bowls, the table being centered with one of the bowls in which the pretty combination of blossoms was seen.

In the auction bridge games, Mrs. Frank Remsburg held high mark with first prize as her award. Mrs. J. I. Clark captured the consolation trophy. Those playing were Mesdames M. A. Yarnell, W. A. Huff, C. V. Davis, H. T. Rutherford, Frank Case, Fred Case, J. B. Roberts, Alice Tubbs, Ben Turner, J. I. Clark, J. R. Porter, Frank Remsburg, Arthur Lyon, Alice Harris, C. S. Kendall.

Boys' Social Club

Charles and Frank Wollaston were hosts Wednesday night in their Ross street home to the younger boys of the Church of the Messiah, the object of the meeting being the organization of a social and recreation club of which the object will be out-of-door pleasures and social enjoyment. Games were played and an appetizing collation was served.

The club will meet next Wednesday evening with the rector, Rev. Rufus S. Chase.

Mr. Chase was present on last Wednesday night, and besides the hosts, other boys present were Chauncey Huff, Fred Garey, Arnold Baer, Ernest and John Hartman, Orville Thompson.

Travel Club Meets

The Young Ladies' Travel Club was entertained Wednesday at the home of Miss Mabel McFadden, the following members being present: Mesdames C. D. Lester, E. S. Gilbert, C. A. Gustlin, Herbert Walker, Clyde Walker, Harry Hanson, Misses Blanche and Lula Minter, Blanche Tiede, Aya Wells, Mabel McFadden, Beulah May and Louise Long.

Mrs. Clarence Gustlin delighted the club with an illustrated talk on her travel in Europe. Refreshments were served at the close of the program.

The next meeting of the club will be held with Mrs. Emory Ratcliffe, 403 1/2 South Birch street. Misses Blanche Minter and Ida Nay will have charge of the topic, "The Hawaiian Islands."

The Tustin "Y" Banquet

The Tustin K. P. hall last Friday night was the pleasant scene of an enjoyable banquet for the young people belonging to the Y. P. B. There were about seventy present. Each member invited a guest.

The tables were arranged in the form of a square. In the center between the tables there was a large pedestal and jardiniere filled with ferns and white flowers. The tables were tastefully decorated with white marguerites and greenery. At first a short business meeting was held, lasting about twenty minutes, and then the following program was much enjoyed: Piano piece by Miss Ada May Sharpless; Vocal duet, Misses Logan and Carrie Matthews; Violin solo, Miss Dorothy Utt; Instrumental piece, Miss Mildred Marchant; Vocal solo, Miss Jessie Rawlings; Violin and piano duet, Misses Gertrude and Dorothy Utt.

After the program came the banquet. Miss Martin acted as toastmaster and Miss Avis Smith, Miss Clara Thoman and Elfer Deaver responded.

The young entertainers proved themselves quite capable of making the evening a very enjoyable occasion.

The Amphion Circle

The Misses Henry of 220 Cypress avenue were hostesses yesterday for a meeting of the Amphion Circle of the First Congregational church at their home. Sewing was done by the members of the circle for some children in whom they are interested and over this was animated chat.

Miss Ada O'Brien presided over the business meeting at which some plans were discussed. The president of the circle, Mrs. Frederick Eley, was detained at home by illness.

Refreshments of pumpkin pie and cheese were served by the hostesses, and the house was attractive with a profusion of yellow geraniums.

PREPARING FOR BAZAAR

Catholic Ladies Meet at North Broadway Home With Mrs. R. G. Tuthill as Hostess

Father H. Eumelen of the St. Joseph's Catholic church met with the ladies of the Altar Society of that church yesterday afternoon, and named the committees that will conduct the bazaar to be given on November 3, 4 and 5. The committees are as follows:

Executive—Mrs. E. A. Biggs and Mrs. R. R. Shafer.

Fancy Work—Mrs. Charles Schmiedeberg.

Domestic Booth—Mrs. Horace Fine.

Entertainment—Miss Elizabeth Easton.

Tea and Coffee—Mrs. Clyde Holt.

Fruit—Mrs. F. J. Wagner.

Supper for the Three Nights of the Bazaar, Candy and Fish Pond—Young Ladies' Society.

Mrs. R. G. Tuthill, 1702 North Broadway, was hostess to the society yesterday, and entertained most pleasantly. The house was adorned simply with roses, and delicious refreshments were served. Mrs. J. R. Paine and Miss Elizabeth Easton assisted in entertaining.

A feature of the meeting was the excellent treasurer's report given by Mrs. H. G. Nau, showing the society's finances to be in prosperous condition. Work for the bazaar progressed during the afternoon.

Those present besides the hostess were Father Eumelen, Mesdames A. Valabar, E. McGrady, F. J. Wagner, Wagner, Chas. Schmiedeberg, R. R. Shafer, Ernest Polman, H. G. Nau, Hageman, J. R. Paine, George W. Young, Horace Fine, Olive Lopez, E. R. Majors, E. A. Biggs, Mayne Murphy, Klatt, L. M. Doyle, Clyde Holt, Misses Katie Anselmine, Anna Young, Clarice Keefe, Mary Maag.

Cradle Roll to Present Cantata

The annual meeting of the Cradle Roll and Light Bearers of the First Congregational Church will be held Saturday afternoon in the Sunday School room. The children will present, promptly at 2:30 p. m., a cantata, "Arabella and Teddy Bear." After the program a garden party will be enjoyed on the A. J. Crook shank lawn. All members and friends of the Sunday school and church are invited to be present.

Visited by Inspector

The regular meeting of Shiloh Circle, Ladies of the G. A. R., held yesterday afternoon at G. A. R. Hall, was enlivened by the presence of the state inspector, Mrs. Belle Herr of Sacramento. The ladies of the circle put on the floor work, eliciting much praise from Mrs. Herr. She also inspected the books of the secretary, Mrs. Lovisa Leslie, and of the treasurer, Miss Kate Wendelken, and these came in for a goodly share of commendation. Indeed Mrs. Herr expressed very heartily her approval of the circle and its general condition. There were a large number of members out to meet the state official, and her visit was much enjoyed. Mrs. Dora Martin, president of the circle, presided during the afternoon.

During the afternoon, it was reported that twenty sick calls had been made since the last meeting.

For Mrs. Newman

In honor of her house guest, Mrs. O. M. Newman, who recently returned from a several months visit in Denver, Colorado, Mrs. D. W. Stearns on Wednesday afternoon entertained a few of the close friends of Mrs. Newman.

The house was prettily decked with yellow and white chrysanthemums and the same color scheme was carried out in the refreshments. The dozen ladies present joined in warmly welcoming Mrs. Newman home. She will remain for some time at the Stearns home, 813 F street.

Studied Immigration Problem

The Missionary Society of the First Baptist Church met on Wednesday afternoon in the Sunday school room of the church. The meeting was opened with the president, Mrs. O. S. Catland, in the chair, and Mrs. J. S. Catland, in charge of the devotionals.

Delegates were elected to the association at Riverside, also to the missionary conference in Los Angeles.

The program was in the hands of Mrs. White and was a review of the book, "New America," dealing with the immigration problem that is confronting the people of America today.

Birthday Party

A happy company of little girl friends of Helen Hankey met at the home of her father, J. A. Hankey.

LIFE IS LONELY

ON CALIFORNIA RANCHES

Are you a "finicky" buyer?

Do you take a long time to decide what you want?

Are you careful as to fit, style, pattern, quality?

If you're this kind of a buyer, come in to see us. A

part of our service is to devote all the time necessary to one customer. It's annoying to have a salesman hurry you, but you'll find none of that "hurry-up" style here. Take your time in looking around. You will be treated well, whether you buy or not.

Just now we have a new assortment of shirts and neckties that are exceptional values, in a wide variety of patterns.

And take a look at a new hat unpacked yesterday—in two grades, \$2 and \$3.

The new suits in Tartan Plaids and Checks are simply beautiful; and the Balmacaan overcoats are sweeping the country with their style and easy comfort.

Pay \$15, \$18, \$20, \$25

and get as good value here as it is possible to sell.

Vandermast & Son

Wednesday afternoon at 3:30 o'clock

to celebrate the tenth anniversary of the birthday of the little hostess. The Misses Lena and Emma Henke, friends of the family, assisted to make the occasion an enjoyable affair for the little folks present. Ice cream, cake, fruit and nuts were served in the prettily decorated room. Games were played and an all-around happy two hours spent by the little company.

Those present were Charlotte Zimmerman, Elizabeth Bruner, Caroline Blake, Mary Truman, Gertrude Kelly, Ruth Preston, Jean Winslow, Helen Hankey and the Misses Lena and Emma Henke.

Personals

Miss Onita Buckley spent today in Los Angeles where she is studying music.

Miss Winifred Roberts went to Los Angeles this morning to continue post graduate work at Cummock School. She goes back and forth, the work occupying only part of her time.

Mrs. O. S. Catland spent today in Pasadena where she went as a representative of Orange County Juvenile Court to be present at a meeting of a society for the aid of boys and girls.

Miss Victoria Ellis was a visitor to Los Angeles today.

C. S. Spencer, Mr. and Mrs. T. L. Valentine, Mr. and Mrs. J. L. Knesel, Mr. and Mrs. A. Frye, all of Orange, spent an hour here this morning while waiting for the excursion cars going to the new Walnut Park subdivision now being opened near Huntington Park.

Mrs. L. H. Beals left Thursday afternoon for her home at Merced, Cal., after a few weeks' visit with her father and mother, Mr. and Mrs. S. A. Millikan and her two sisters, Mrs. A. E. Kohler of Willet street and Mrs. L. O. Warner of La Habra.

Mit Phillips was a prominent Santa Ana citizen who today boarded a morning car bound for Los Angeles. He expected to go to Benedict.

Ed Allen went to Los Angeles today to visit John Baker, who was recently hurt in an accident in the city.

Mrs. C. S. Kendall took an early car for Los Angeles today.

Mrs. George Edgar and Mrs. Erwin Barnes traveled to Los Angeles this morning via the Pacific Electric.

Walter Stutsman returned to Los Angeles this morning.

Mrs. Guy Dille is at home from Madera where she has been for some time visiting with relatives.

Miss Hazel Stockslager spent today in Los Angeles.

Mrs. R. L. Farnsworth and Mrs. E. A. Winn are spending a few days at Huntington Beach.

Mr. and Mrs. J. Malcolm and Mr. and Mrs. L. Graham and son of Tacoma, Wash., are visiting relatives here. They were met in Los Angeles yesterday by Mr. and Mrs. W. D. Lantz and Jack Malcolm, who motored to the city.

Mrs. J. A. Turner spent today in Los Angeles with her daughter, Mrs. Thomas Inch.

Mrs. Cora Byers and family are newcomers here from Lawton, Oklahoma and will reside in this city. They are located at East Second street.

Angelo this morning.

Mrs. Stephen Ross made a trip to the Angel City this morning.

Mr. and Mrs. James Armstrong of San Diego were guests yesterday of Mr. and Mrs. R. R. Miles, 616 South Main street. Mr. Armstrong is far from being a stranger to Santa Ana, and both he and his wife are former friends in Berkeley of Mrs. Miles. They made the trip yesterday by automobile.

Mrs. Belle Herr of Sacramento, state inspector of the Ladies of the G. A. R., was an all-day guest yesterday of Mrs. Lovisa Leslie. She inspected Shiloh Circle, Ladies of the G. A. R., in the afternoon.

Mrs. J. B. Roberts was a forenoon visitor to Los Angeles today.

Mrs. Alice Harris and her sister, Mrs. J. P. Hatzfeld, went to Los Angeles this morning on an early car.

Mrs. Harris will spend a week in the city, but Mrs. Hatzfeld returns today.

Mrs. Mary Cheshbrough is here for a few days as the guest of Mrs. S. H. Mullinix, 1414 North Main street. The Cheshbroughs formerly operated the Knickerbocker store in the Rossmore Hotel building. They are now located at San Gabriel.

Mrs. Stockslager was an all-day visitor to Los Angeles today.

Mrs. J. J. Tavis, wife of Santa Ana's courteous Salt Lake agent, wires that she will leave on Sunday, Oct. 25 for Santa Ana. She has been for several weeks with her mother, who has been very ill in a Salida, Colo. hospital.

Mr. and Mrs. Edgar Bradley motored to Laguna yesterday. Mr. Bradley is busy at the famous beach resort just now.

Mrs. John Hawley is entertaining her cousin, Mrs. Kathryn Dakin of Los Angeles.

George Shattuck was a dinner guest at the Hotel Maryland, Pasadena, on Wednesday night, the host for the dinner party being Frank Partridge.

Mrs. O. K. Forgy went to Los Angeles this morning and from there took a car to Santa Anita for a week's visit with her sister, Dr. Emma Hicks. During Mrs. Forgy's absence her husband and a friend from Los Angeles will indulge in a few days hunting.

Mrs. Guy Dille is at home from Madera where she has been for some time visiting with relatives.

Miss Hazel Stockslager spent today in Los Angeles.

Mrs. R. L. Farnsworth and Mrs. E. A. Winn are spending a few days at Huntington Beach.

Mr. and Mrs. J. Malcolm and Mr. and Mrs. L. Graham and son of Tacoma, Wash., are visiting relatives here. They were met in Los Angeles yesterday by Mr. and Mrs. W. D. Lantz and Jack Malcolm, who motored to the city.

Mrs. J. A. Turner spent today in Los Angeles with her daughter, Mrs. Thomas Inch.

Mrs. Cora Byers and family are newcomers here from Lawton, Oklahoma and will reside in this city. They are located at East Second street.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

ISABELLA LOWE IS NEAR WHOLE SHOW IN LONESOME PINE

"The Trail of the Lonesome Pine," as a book, enjoyed a far-reaching popularity, and that no doubt accounts for the numbers in which people turned out last night to see the dramatized version at the Grand. But, like most dramatized "best sellers," the play falls a long way short of the book. It is intensely melodramatic, and if it were not for Isabelle Lowe, whose June is a delight both to the eye and to the ear, there would be very little about the play to raise it above the commonplace.

Isabelle Lowe is a Southern girl herself, with a Governor or two, ever so many Southern Colonels, statesmen, society belles and other eminently desirable nestling in the branches of her family tree, wherefore her soft Southern voice and accent ring true. Her June is altogether lovely and lovable. One gets the impression that at no time does she raise her voice above an ordinary conversational level, yet every word is as clearly heard by her auditors as if she were sitting in the next seat, instead of across the footlights. Both in her voice and in her manner there is a suggestion of reserve force—she lets you feel that she is capable of all the heights and all the depths of emotion, though she doesn't let you see too intimate a display of it. And in this reserve lies much of her strength and charm.

Playing against her, as John Hale, is John Davidson, who is far from satisfying in the part. He lacks force—ginger—"pep"—and several other similar attributes of masculinity which would enable him to be a convincing "Jack." He is "smug"—and he prates of duty like a high school orator. As for making love, he absolutely isn't there. To believe June in love with him is too great a tax on the imagination. Jack Peale, as Bob Berkely, is much more human. There is a naturalness about him in looks, manner and speech that makes him worth while—and it is hard to forgive June's preference for Jack Hale when his so much more attractive chum was about.

John Rennie as Uncle Billy was good—and Eva Benton as Old Hun may have been kind-hearted, but it was concealed under a most unattractive exterior. "You old fool," is her only name for her apparently devoted spouse. There is considerable talk about Old Hun's pies—and some men will endure a lot for a really first-class pie.

Jud and Dave Tolliver, father and cousin of June, are supposed to be typical characters of the Cumberland mountains. Old Jud is taken by Noah Beery, a man of magnificent physique. It probably isn't his fault that at times he grows pretty tiresome. He is given at least half a dozen speeches as long as Hamlet's soliloquy, and he starts them off as if they were blank verse, gets tired of that, and winds up in a melancholy chant. We are led to suppose that he is quicker with his gun than with his tongue.

Of Paul Schwaeger's Dave there aren't many praises to be sung. He snarls and makes disagreeable faces and swings his gun around in what is supposed to be a very disquieting manner, but he doesn't make it very convincing. He is so hopelessly unattractive that it is an absurdity to think of him as a possible mate for June. If he were merely a young desperado, he might make friends with us, for it is easily possible to be sorry for even a villain who is disappointed in love. But Dave is such a stupid villain—and it is his stupidity that is unforfeitable. Marguerite Abbott and Adrian Morgan as Loretta Tolliver and her beau, Cal Hater, are a dilapidated and diverting pair—but it isn't the play and it isn't the company that makes "The Trail of the Lonesome Pine"—it is Isabelle Lowe, and she would have been worth seeing—and hearing—in a monologue.

YOUNG CAMPAIGNERS FOR DRY CALIFORNIA PARADE TOMORROW

Mothers of Junior Sunday school children in Santa Ana are on the qui vive, getting the little tots, between the ages of 9 and 13, ready for the Dry Federation's parade of children, which is to start at 3 o'clock tomorrow afternoon from the First Presbyterian church. All mothers, whether their children are members of Junior Sunday school classes or not, are urged to see that their children are in this parade.

All children having the caps and pennants of the "Young Campaigners" should bring them. Those not having the caps and pennants will be furnished them at the church.

ANTICIPATE CHRISTMAS

THE CITY TRUSTEES
**ATTORNEY SAYS
P. E. BOND IS
NO GOOD**

Fresh Start Must Be Made in
Negotiations for Fourth
Street Extension

**CONTINGENCY CLAUSE
NULLIFIES THE BOND**

Effort to Be Made to Get
Permit From Railroad
Commission

The effort of the city and the P. E. to reach an agreement regarding the East Fourth street extension received another jolt last night when City Attorney Heathman reported to the trustees that the bond offered by the company to guarantee its construction of the extension, was all right with a few exceptions, one of them being that as drawn it was absolutely worthless. Fax Agent Hill of the P. E. said the company would be willing as things now stand to eliminate the ob-

jectionable clause, and so it was necessary to make a fresh start. At the last meeting the draft of the \$30,000 bond offered by the company was referred to Colonel Heathman for examination. In offering his report last night Colonel Heathman said:

"This bond seems to be all right, except in a few particulars. Its chief objection is one clause which seems to make of the entire bond one big 'if.' That is the clause making the building of the extension contingent on the ability of the company to secure from the State Railroad Commission permission to cross the railroad tracks at the depots without the construction of an interlocking tower. That is a big contingency. We ought to have nothing to do with the company's arrangements for building the line. It is up to the company to get the work done. A proviso of that character practically nullifies the bond—frankly, I don't think it is worth anything whatever with that clause in it."

Fax Agent Hill said that the company wanted to build the line as demanded by the city, but also wanted to be sure that it would not be put to prohibitive expense. He thought the Railroad Commission would allow a grade crossing, but the company had no assurance to that effect. An interlocking tower would cost the company at least \$75,000 to build, and probably \$300 a month to operate, "on a line that would not pay for its axle grease for a long time to come." He did not think the city would expect any such expenditure of the company.

Mr. Alderman asked if it would be possible for a joint committee from the city and the company to get into communication with the Railroad Commission and get an expression from it as to what it would grant. He said that if the commission was willing to allow the grade crossing it would eliminate the objectionable clause.

Clerk Burke suggested that the commission is due to meet in Santa Ana on December 7 in another case. McPhee didn't want to wait that long. He said, "I have been accused in certain quarters of trying to hold up this movement. I want to see if we cannot put it through right away—tomorrow, if possible."

A letter from the Railroad Commission in answer to a former request for a permit for the crossing gave the procedure necessary before such action would be taken. After some discussion it was decided informally that Clerk Burke and Mr. Hill shall get together the data and papers required as soon as possible and submit them to the commission in the hope that a permit for the crossing may be secured.

Will Go to Anaheim
The committee in charge of the Anaheim Pioneer week sent an invitation to the members of the council to be present on the day of the parade, when W. H. Spurgeon, father of Santa Ana, is to be escorted by a delegation, and to occupy carriages in that parade. The invitation was accepted.

To Protect Pavements
An ordinance was introduced making it unlawful to drive any vehicle having spikes on its tires over any paved street. It was referred to the city attorney.

To Keep Corner Clear
McPhee reported that the local manager of the Western Union had complained that political and religious spouters made so much racket at the corner of Fourth and Broadway that the operators could not hear their sounders. He said the crowds on the corner also interfered with business, and the corner should be kept clear.

He moved that the marshal be instructed to ask speakers to keep off the corner, and inform them that unless they did so the restricted district would be extended. The motion carried.

To the Democratic Voters of California

TIMOTHY SPELLACY

THOS. E. GIBBON

DAVID EVANS

WE do not believe it possible that the Democratic candidate for Governor at the coming election can be elected and we believe that in voting for him, the votes of the Democrats of the state will fail to influence in any way our state government at a time when there is grave danger to the government of the state.

We know that appeals are being made to reactionary Democrats over the state to vote for the Republican candidate on the ground that a vote for the Democratic candidate will be of no effect, while a vote for the Republican candidate will count against the progressive politics of the state. In view of this we feel doubly justified in appealing to the progressive Democrats of the state to vote for the re-election of Governor Hiram W. Johnson, of whom that great Democrat, Franklin K. Lane, said: "Hiram W. Johnson has done the things as Governor of California that I hoped to do when I was a candidate for Governor of this state."

TIMOTHY SPELLACY,
JAS. A. ANDERSON,

T. E. GIBBON,
DAVID EVANS.

would be extended. The motion carried.

McPhee reported unfavorably on the request of the Sunset Telephone Company for permission to take out certain palm trees on Bristol street, in front of the property of Akin and others. McPhee said the trees were a great ornament to the street, and should not be disturbed. On his motion the petition was denied.

(Authorized Publicity)
**IN BEHALF OF THE
PROHIBITION NOMINEE
FOR THE ASSEMBLY**

Santa Ana, Oct. 22, 1914.
Editor Register—If it were not a serious matter, it would be extremely ludicrous—this attempt to fly S. C. Hartranft (eleventh-hour, and altogether unnecessary candidate for Assembly) to success on the tail of J. S. Edwards' kite.

J. S. Edwards, Prohibition candidate for Congress, is an almost certain winner; and in a forlorn hope our superannuated candidate's managers think in uniting his name with that of Mr. Edwards to place THEIR man before the voting public as THE dry candidate.

Mr. Edwards is a Prohibitionist, and, incidentally, has strong Progressive support. Mr. Chaffee is the Prohibitionist nominee for the Assembly from this district, and, incidentally, has the regular Democratic nomination, and as such is entitled to the support of all dry voters who care a snap for the DRY CAUSE, whether they be Prohibitionists, Democrats, Progressives, Republicans, Socialists or Independents, so-called.

In last night's Register some one, who failed to sign his name, wrote: "Let us lay aside our personal preference in this matter, and work for the cause, and not for the man." Good! Chaffee has been working for the Cause a number of years in this county, long before some of our new fledged enthusiasts for their man, Hartranft, were known to approve the Dry sentiment. If these political wire-pullers had been solicitors for A CAUSE they would never have been so insistent for their special candidate.

Upon the heads of these misguided men must rest the responsibility of placing a Wet candidate in the State Assembly, if one goes there.
B. F. BESWICK.
1901 North Main street.

**BIG EATERS GET
KIDNEY TROUBLE**

Take Salts at First Sign of
Bladder Irritation or
Backache

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

**M. & M. OPPOSING
"SCRIP" TRADING**

President Gilbert Calls Attention to Threatened Economic Evil

E. S. Gilbert, president of the Santa Ana Merchants and Manufacturers' Association, said today that the M. & M. is trying to keep scrip trading out of Santa Ana, and calls attention to the fact that the scrip men are now here trying to get a foothold.

Mr. Gilbert says scrip trading is an economic mistake, that it favors a few customers at the expense of the many, and to the loss of the merchant engaging in it—indeed, it effects a net loss to the community of the amount of the merchant's payments to the scrip people.

As evidence that his contention is right, Mr. Gilbert calls attention to the following which appeared in today's Los Angeles Times:

The Southern California Retail Grocers' Association vigorously threw down the gauntlet to scrip, trading stamps and other "premium" schemes last night when it forced the resignation of its president, J. W. Miller, because he would not conform to the majority wish and give up scrip in his grocery store.

Last Monday the directorate suggested to Mr. Miller that it was hardly the thing for the president of the association to continue the use of the scrip when the large majority of the members opposed it and had ordered a fight against it and all other so-called premiums for which the consumer ultimately pays. When he showed no disposition to yield, directors say, he was told politely, but flatly, to either give up scrip or resign, as his position was an impossible one.

At the association's meeting last night, Mr. Miller's resignation, not only as president, but as a member was handed in and immediately accepted. The grocers thereupon decided to fight the issue to a finish, contending that "premiums" are parasites on the trade and the consumers and might as well be fought off now as later.

A letter which Secretary N. P. Olsen had prepared and sent out to various retail organizations at the instructions of the special committee appointed several days ago to plan an anti-premium campaign was read and approved.

"We are not trying to take something away from the people to enrich ourselves," said Secretary Olsen last night. "We contend that both the consumers as a whole and the grocers are losers through use of premiums. The cost of the premiums, which in the case of scrip is 4 per cent of the sale price of goods, must eventually be taken out of the consumer, for the net profit of a grocer is about 3 1/2 per cent or less, allowing 17 per cent for overhead operating charges—the amount that it costs to distribute groceries to the consumers."

"We find on investigation that only about 15 to 25 per cent of the customers take advantage of the premiums. These are the ones who get the benefits while the other 75 per cent or more have to pay the bills. This association is endeavoring to bring down the cost of living by wiping out all these schemes which must make salaries and profits for a lot of people who have nothing to do with the actual distribution of food stuffs to the public. We only want fair profits for good goods and the more of these overhead charges we can eliminate the cheaper will be the prices of the commodities we sell."

The association, a representative organization, has over 600 members. Keep Your Stomach and Liver Healthy
A vigorous stomach, perfect working liver and regular acting bowels is guaranteed if you will use Dr. King's New Life Pills. They insure good digestion, correct Constipation and have an excellent tonic effect on the whole system—Purify your blood and rid you of all body poisons through the bowels. THE HEATING QUESTION

We believe that the most economical method of heating the ordinary house is by using what is generally called the air-tight heater, for burning wood. We believe also that your physician would tell you that the most satisfactory way from a health standpoint is also by using a wood heater. Now, there is a difference in these heaters—some will hold the fire longer than others and some will burn out much quicker. We never had in stock a better assortment than this year, all selected to meet the requirement of any condition. Come and see them, you will be pleased.

EXPERT BEET SEED MAN TO AID GROWERS

Canvassing County With View
to Inducing Beet Men to
Grow Own Seed

A. J. Ludwig, who for many years
has been in charge of sugar beet seed
ranches, both in the San Joaquin Val-

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its
Natural Color, Gloss and
Thickness

Common garden sage brewed into a
heavy tea with sulphur and alcohol
added, will turn gray, streaked and
faded hair beautifully dark and lux-
uriant, remove every bit of dandruff,
stop scalp itching and falling hair.
Just a few applications will prove a
revelation if your hair is fading, gray
or dry, scraggly and thin. Mixing the
Sage Tea and Sulphur recipe at home,
though, is troublesome. An easier way
is to get the ready-to-use tonic, cost-
ing about 50 cents a large bottle at
drug stores, known as "Wyeth's Sage
and Sulphur Compound," thus avoid-
ing a lot of muss.

While wispy, gray, faded hair is not
sinful, we all desire to retain our
youthful appearance and attractive-
ness. By darkening your hair with
Wyeth's Sage and Sulphur, no one
can tell, because it does so naturally,
so evenly. You just dampen a sponge
or soft brush with it and draw this
through your hair, taking one small
strand at a time; by morning all gray
hairs have disappeared, and, after an-
other application or two, your hair be-
comes beautifully dark, glossy, soft
and luxuriant.—Advertisement.

ley and in different parts of Germany,
is making a canvass among the beet
growers of this county, with reference
to inducing the beet men to grow
their own seed. Ludwig has visited
growers at Talbert, Artesia, Los Ana-
mitos and all other beet-growing dis-
tricts of the county. The factories
have given Ludwig's plan their en-
thusiastic moral support.

Ludwig is presenting an agreement
to the growers whereby he agrees to
instruct the grower in the propaga-
tion and culture of sugar beet seed
for the season of 1915. He agrees to
establish an experiment station for
the purpose of increasing the sugar
content in beets by scientific selec-
tion of beets and seed; to develop an
alkali-resisting beet; to increase the
size of the seed balls for the purpose
of securing a better stand, as well as
a stronger plantlet, and to avoid a
possible re-seeding; to develop an
early and a late ripening beet under
normal weather conditions in South-
ern California.

The agreement further states that,
in case the grower should decide not
to grow any sugar beets in 1916, for
any reason, except that no sugar fac-
tory might be operated in 1916, Lud-
wig agrees to purchase all sugar beet
seed grown by the grower under the
terms of the contract, and in good
condition, cleaned and sacked in 100-
pound sacks, for not less nor more
than ten cents per pound, and not
later than January 1, 1916.

Under the agreement, Ludwig will
furnish free of charge a seed cleaner
to the grower; a certain amount of
seed from selected beets in the fall of
1915; and keep a set of books for the
inspection of the grower at any time.

The grower agrees to plant and
grow whatever number of acres may
be decided upon and to follow the in-
structions given him by Ludwig.

The grower agrees to sell to Lud-
wig all seed grown by him, if he him-
self is not going to plant beets in
1916, and to notify Ludwig thereof be-
fore October 1, 1915. If this is not
done Ludwig shall hold an option on
the seed only until January 1, 1916.

The grower agrees to pay to Lud-
wig for his services \$10 and in addi-
tion one cent for each ton of beets
grown by him in 1915 and this sum is
to be collected from the sugar com-
pany to which the beets have been
contracted and delivered.

HORSE IS KILLED BY FREIGHT TRAIN

A horse, whose owner has not been
found, was run into and killed by the
Santa Fe southbound local freight in
front of the C. C. Collins Company
packing house this morning at about
3:30 o'clock.

Russ Coleman for Constable.

HUNTINGTON BEACH

BARBECUE GIVEN SUGAR BEET GROWERS

Holly Company Host at a Big
Feed Given to Big Crowd
Yesterday

HUNTINGTON BEACH, Oct. 23.—
The Holly Sugar Company have its an-
nual barbecue to its patrons among
the beet growers of the section Thurs-
day. Invitations were sent to all who
have sent beets to the factory this
year, including many in the neighbor-
hood of Compton, Orange, Santa Ana,
Fullerton and Whittier, and some in
the beet raising sections beyond Los
Angeles. Tickets were supplied to the
families as well as to the ranchers
themselves, and the attendance was
unusually large. The dinner was
served under tents put up for the oc-
casion, and expert beef roasters man-
ipulated the savory slices over fires
built in shallow pits.

Although the celery acreage is not
large the crop prospects this year are
unusually good.

The High School basketball team
has played two games. The first was
on Saturday afternoon with a team
from Santa Ana High School, result-
ing in a victory for Huntington Beach
by the score of 57 to 44.

The second game of the season, also
on the home grounds, was played with
the Fullerton High School team Wed-
nesday afternoon. This was a much
closer game, with Fullerton several
times in the lead. The final score,
however, stood 32 to 22 in favor of the
home team. A game played last Fri-
day afternoon between the freshmen
and the grammar school team was
won by the latter, 12 to 11.

W. S. Harris is erecting a residence
for Reuben Farnsworth two and a half
miles east of the city.

Bert Noble, who secured the con-
tract for the concrete bridge for the
state highway at San Juan Capistrano,
has begun work on its construction.

Mr. and Mrs. J. Waltham of River-
side are spending a few days here oc-
cupying the cottage belonging to Ed-
itor Clark of the Riverside Press.

Several arrests for violation of fed-
eral and state game laws have been
made since the beginning of the duck
season. Ducks seem slightly more
plentiful than for the past two or
three years.

More strangers are to be seen on
the streets than at any time since the
summer season. Most of the visitors
came on the recent colonist excursions
and are just reaching the city on
their tour of inspection. Among the
more recent arrivals are Mrs. Mary E.
Bagby, two sons and four daughters
from Pulaski county, Illinois. Also
Mrs. Norvia Parker from the same
county. They intend to locate perma-
nently in this city.

J. K. McDonald has taken the po-
sition as organist at the Methodist
Church.

Miss Mildred Head is visiting rela-
tives in Long Beach.

C. H. Howard and wife accompanied
by their daughter, Miss Frances, left
Monday by auto for San Diego, where
Mrs. Howard will represent the local
Eastern Star at the state meeting.
Miss Frances, who is assistant librar-
ian, will study library methods at San
Diego and National City, and especial-
ly the story telling departments.

Judge W. D. Seely has returned
from a business trip to Antelope Val-
ley.

Bean threshing has been practically
finished and most of the beets have
been plowed out. Plowing for barley
has begun in many sections.

The annual reception given by the
High School sophomores to the in-
coming freshman class will be held this
evening at the High School building.
An elaborate program of amusements
has been planned with a view to mak-
ing the youngsters feel that their ad-
vent is auspicious. Hand-made invita-
tions have been sent not only to the
freshmen, but to all members of the
student body.

Great preparations are being made
for "banner day" at the High School.
This event is held regularly the first
Monday after the freshman reception,
and is in honor of an unique custom
of the school by which each class is
entitled to decorate the walls of the
assembly room with its banner. The
banner of the senior class holds the
place of honor above the trophy case,
junior next, then sophomore and fresh-
man in order. The banner of each
graduating class retains its place un-
til the freshman reception of the next
year, when it is taken down to make
room for the seniors of the current
year. The freshmen, having been for-
mally "received" into the school are
entitled to place the class banner in
the space made vacant. Each class is
given ten minutes on the program and
a prize is offered to the class making
the best hit. In addition to the class
stunts an original poem will be read
commemorating the spirit of the occa-
sion.

A Spanish club of twenty-five mem-
bers has been organized by the stu-
dents.

Reports for the first five weeks were
issued Tuesday at the High School.

Frank Linn, a member of the junior
class of the High School, has been
elected secretary of the Orange Coun-
ty Debating League.

Mrs. W. T. Newland, president of
the local Parent-Teacher Association,
represented that organization at the
meeting of the County Federation at
Fullerton. All the associations of the
county were represented. The next
meeting will be held at Orangeflorpe.

—Man-tailored ladies' suits made to

WORKING ON PLAN FOR ACCREDITING STUDENTS' MUSIC

Principal McMath of the Santa Ana
High School is still working on the
plan for accrediting outside work in
music. There are a number of details
yet to be worked out, consequently no
start has been made on the plan. As
soon as possible details will be pub-
lished and the music teachers of the
city will be invited to present their
credentials if they desire to be ac-

credited. Of course, inasmuch as the
plan is still incomplete, nobody has
as yet been accredited. It may be
safely assumed that any music teacher
of experience who has had good
training and plenty of it, will be ac-
credited.

It is proposed to make the plan
broad enough to include all of the
first-class music teachers in Santa
Ana, if they desire to come into the
plan. More than a dozen have already
made inquiries, so that there is no
doubt that the new feature will be
popular, both from the standpoint of
the private instructor and that of the
pupil. The plan, it is believed, will
greatly encourage systematic home
practice and thorough preparation
and instruction under the private
teacher.

Going to Game
The officers of the student body are

trying to get up a crowd to go in a
body to the football game at Whittier
next Saturday. If 125 can be secured,
a special train will be run over the
Southern Pacific, leaving Santa Ana
about 12 o'clock and returning after
the game in time for supper. A rate
of 75 cents has been secured, with a
15-cent admission to the game if 100
go.

The athletic grounds have recently
been cleaned off and all the rubbish
burned and hauled away.

Mr. Brown, the County Y. M. C. A.
secretary, visited the high school
Wednesday afternoon, calling upon
the principal and a number of the
students.

HORSES NOW SCARCE ON FARMS IN KANSAS

TOPEKA, Kan., Oct. 23.—Motor cars
and trucks have replaced 70,000 horses
in Kansas during the last four years.
Where from fifty to seventy-five
horses were required on the big farms
in Western Kansas, now only a half
dozen are to be found. Big gasoline
tractors plow the fields, gasoline
trucks do the heavy hauling and
motor cars whisk the farmer and his
family about. The farmers own three-
fourths of the motor cars in the state.

A Delightful Showing of Refined Furniture Styles

A comprehensive display of the newest productions, embracing the most authentic designs in fall home furnishings---Accurate period Reproductions---Modest mission designs---Imposing colonial patterns---Distinctive Reed furniture in tapestry upholstery---Rich mahogany sets and odd pieces---Luxurious living room furniture, leather upholstered---Set and odd pieces in all the best woods and finishes.

We are pleased to invite the Orange County public to attend our fall display of furniture, rugs, draperies, etc. A display selected with the greatest care to meet your needs in the supplying of style, comfort and convenience in the furnishing of your home—a display from the shops of only the most reliable makers, and in variety to please and delight all. Our windows this week are worthy of more than a passing glance, especially to those who have homes to furnish, it being our idea to illustrate that taste and judgment count for more than a lavish expenditure.

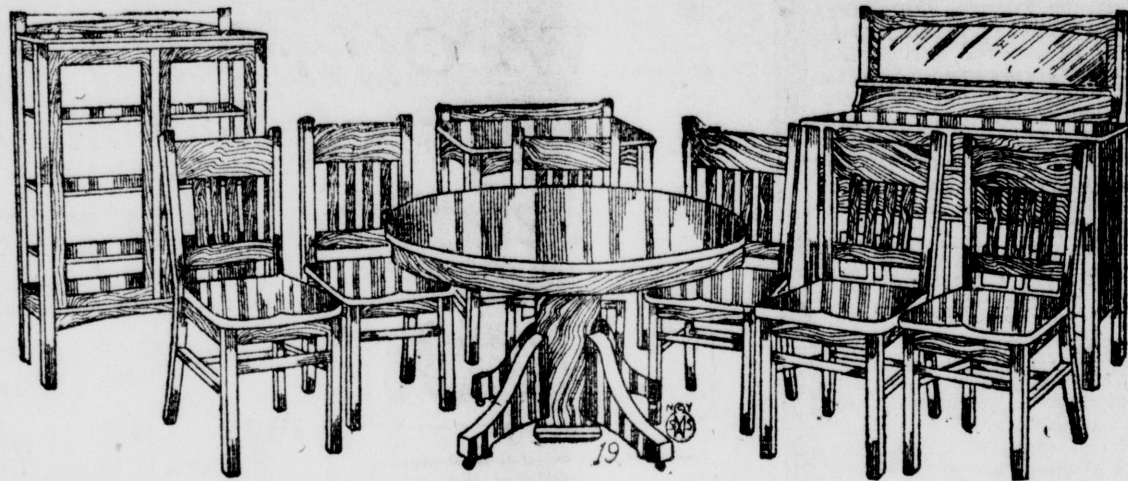

Here You May Achieve That Success in Your Home Furnishing That Will Satisfy and Delight You

OUR FALL STOCK OF RUGS IS NOW READY

There have been some radical changes in rug making during the past year. The designs have been greatly modified. No longer are the straight line patterns and strong color effects in vogue. Harmony in color blending in the subdued oriental shades and tints, such as old rose and soft shades of blue are some of the newest things.

FURNITURE TO BE UP-HOLSTERED TO YOUR ORDER IN FINE TAPES-TRIES TO MATCH YOUR HOME DECORATIVE SCHEME

We have added a line of fine mahogany furniture in sets and odd pieces for the living room. We buy this in plain denim upholstery and cover it with tapestry in any color you may wish.

We Have Just Received a Large Shipment of the Famous Limbert's Holland Dutch Arts and Crafts Furniture

This furniture reflects Dutch permanency and sturdiness in its structural perfection and is famous for the beauty of its patterns, color harmony and richness of its leather upholstery.

NEW IDEA! NEW PRICE! BUNGALOW LAMPS TO MATCH YOUR DRAPINGS FOR \$3.00

Bungalow Electric Table Lamp with beautiful shades of cretonne and other fabrics—complete with cord and attachments. A big feature at \$3.00.

Lamps of unusual artistic beauty—new, as new can be—and at the strikingly low price—\$3.00.

\$3

With fringe, \$3.25.

DRAPERIES

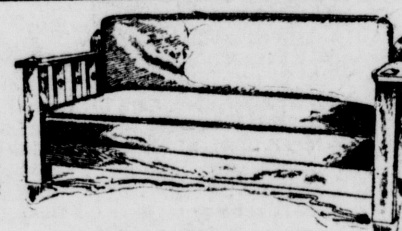

We have bought for fall the newest things in draperies including plain shades of Sunfast and Cretonnes to match any color effect. We make your draperies to order.

BUNGALOW NETS

We have all the new weaves and plain effects in Bungalow Nets in all wanted widths.

UPHOLSTERING

We are prepared to upholster your old furniture in tapestry, leather or cretonne. We carry a large stock of upholstery materials.

Santa Ana.

IN THE JUSTICE COURT

IN INSANE MAN OFFICERS MAY HAVE FIREBUG

In Strange Talk He Tells of Blaze in Los Angeles Shoe Store

Talking vaguely of a big fire in Los Angeles, C. L. Kent was yesterday put in jail as an insane person. He has been employed recently about Orange as an orange picker. Yesterday Deputy Sheriff Boynton and Constable Heard were informed that a man who was apparently insane was on the road between Orange and Olive, stopping automobiles and telling them strange tales. The officers rode to the place and found Kent, a big, raw-boned fellow. Kent told the officers that he had been in Los Angeles and one night back of a shoe store, or in a shoe store, he cleaned his coat with gasoline. The next morning he passed the place and found the store burned down. He seemed to be worried lest he be accused of burning the place. He talked of a Detective Brown, who he said was after him. Constable Heard is to make inquiry among Los Angeles officers to see if any information can be secured concerning Kent. Kent says he has no relatives here, that he has a brother "up north."

AT THE COURTHOUSE

MANDERSCHIED CONTRACT HIT BY SIX HEIRS

They Say That Their Brother is Not Entitled to Fifty-seven Acres

Charge Inebriety
A warrant has been issued for the arrest of E. J. Willford of Orea. The man is charged with being habitually intoxicated. He will be brought to the county seat on Monday.
Watson Fined
R. H. Watson, an auto stage driver, was fined \$5 for using a license number issued to Henry Heffner. Watson said he bought the car on Saturday, and drove it on Sunday. He has since applied for a license.
Sent to Jail
Pete Anderson, supposed to be a wanderer, was sent to jail for thirty days. He was arrested on a peace disturbance charge.
Tomorrow the new tailoring establishment of Haysom the Tailor, opens for business in the new Spurgeon block, 204 West Fourth street. Beginning with opening day and continuing for two weeks, the following special prices will be in effect: \$25.00 suits at \$19.50, \$35.00 suits at \$25.00. Come early for choice of our large stock of fine woolen imported and domestic fabrics.

MUSIC
Saturday evening from 7 to 10, demonstration of the famous Gibson guitars and mandolins at The Summer Shop. These instruments possess true quality that is unequalled in any other make. Come in and hear them played. 117 West Fourth.

Do you know that you can buy at Gilbert's Beautiful Silk Blouses and Basques, positively the latest styles, at from \$3.98 to \$6.00? You will have to see these lovely waists on sale. Take elevator to our Modern Coat and Suit Department.

Haysom the Tailor has taken a five-year lease on the business room at 204 West Fourth street, in the new Spurgeon block, and tomorrow will open with special prices as follows: All \$25.00 suits at \$19.50, all \$35.00 suits at \$25.00. The special prices will be in effect for two weeks.

Allies Cut German Lines
THE HAGUE, Oct. 23.—The German lines of communication were reported today as having been cut by the allies between Bruges and Ghent. The violence of the fighting in that region is growing. Swarms of sharpshooters are reported as operating behind the German lines, engaged in "sniping."

—Miss A. M. Havens, Public Stenographer, Chamber of Commerce, City Hall. Copying and direct typewriting solicited.

Opening special on made-to-measure suits, \$25.00 values at \$19.50; \$35.00 suits at \$25.00. This offer begins with tomorrow, Saturday, Oct. 24th, and continues for two weeks. Haysom the Tailor, 204 West Fourth street. New Spurgeon block.

—Patrons prefer pennies. That's why PEOPLES LAUNDRY is popular. Phones: Home 273; Sunset 276.

Dr. Pearl B. Magill, Osteopath, rooms 1 and 2, Rowley building, 956W.

Terrible Eczema!

The Clean, Non-Greasy Liquid, Zemo, Stops Itching and Burning Immediately and Quickly Ends Diseased Skin Conditions

Bottle Sent Free for Trial.

A great host of people have been cured of eczema and other skin troubles by Zemo. We have stacks and stacks of letters from such former sufferers. They tell of cures effected by Zemo, after all other means had failed and hope of relief had been almost abandoned. We believe Zemo will do as much for any sufferer and think our free trial bottle will prove it. Just get a 25c bottle from your druggist or send your address and 4 cents (for actual postage) to E. W. Rose Co. Laboratories, Dept. 32, St. Louis, Mo., and the free bottle will be mailed (in plain wrapper) postpaid. Send today. Suffer no more torture and embarrassment. Spend no more nights of wakeful, maddening itching. Zemo does the work and does it quick. Zemo is sold and guaranteed by druggists everywhere, and in Santa Ana by Rowley Drug Co.—Advertisement.

The administrator, represented by Attorneys Williams & Rutan, filed a final account in which he shows a payment of \$3000 on his contract with another item of \$500 interest. The contestants, E. J. Manderscheid and Emma M. Beaver of St. John, Kan., Cora M. Miller of Seward, Kan., and Alfred and Clara Manderscheid of Santa Ana, appeared in court today by Attorneys Keech & Davis, to fight the proposed distribution. Their ground of contest is that the contract entered into between their father, Jacob, and their brother, S. H., is void because S. H. did not make payments on time. The father contracted to sell his son, S. H., fifty-seven acres for \$10,000, the son to pay \$1000 per year. The son testified today that he did not make the payments each year, and that it was agreed with his father that they need not be made as specified in the contract. The land is now worth nearly double \$10,000. The brothers and sisters allege that the land reverted to the estate, and should be included in the distribution. The estate when settled will go one-seventh to each of seven children.

Another Contest
Judge West has another contest in his court, and it concerns the proposed distribution of the estate of Josephine B. Read. Mrs. Read left real estate at Huntington Beach and other property here worth \$6825. By will she left a \$500 note and household furniture to two daughters, Frances R. Kendrick of Huntington Beach and Esther Carter of Lebanon, N. H., the remainder of the property to go to three Chicago men as trustees to a fund to be known as the May Read Fund for Christian Education, in memory of a deceased daughter of Mrs. Read. Public Administrator Winbiglar with Attorney H. C. Head have charge of the estate here. Under the California law only one-third of an estate can be left by will to charity, and when the petition for distribution came up the amount only was designated for distribution to the trustees. Today they entered a contest, alleging that Mrs. Read died in New Hampshire, and that the New Hampshire law, which does not limit the amount that can be given to charity, should prevail.

Final Distribution
Final distribution was ordered in the estate of Will C. Crawford. Under the will \$23,382.84 goes to the American Baptist Publication Society, and the remainder of the estate to Mrs. Elsie M. Crawford, widow, of Tustin. The estate was valued at over \$100,000.

Criminal Cases
Ramon Aguayo of Placentia was given a fifteen-year probationary sentence this morning by Judge West. One order of the court, that he marry Carmelita Arcidillo, a Mexican girl whom he had wronged, was carried out immediately. Aguayo was instructed by Judge West to obey the law and keep out of bad company. Maximiliano Gallardo was sentenced to five months in jail for using a knife upon another Mexican.

Recorder's Office
An abstract of judgment for \$257.30 entered in the Santa Ana township court in favor of the Celery Growers' Association against Ralph A. Patter-

son has been recorded. On a demand for \$99.70, the Orange County Title Company has caused an attachment to be recorded on thirteen lots in Laguna Heights in an action brought by the title company against G. O. France and others as trustees.

Found Sane
Mrs. Minnie Keller of Orange was tried by Judge West on a charge of insanity. She was defended by Attorney Bishop. After an examination by physicians, the decision was that the woman is sane.

For Administration
Elizabeth Herper has applied for letters on the estate of William Herper, who died on June 2, 1914. The estate, worth \$650, goes by will to the widow, who is the petitioner. H. C. Head is attorney for her.

Marriage License
G. H. Fry B. Cummings, 27, and Grace Stevens, 20, both of Santa Ana. You are invited to call and inspect the fine stock of imported and domestic suit fabrics displayed by Haysom the Tailor, new Spurgeon block, 204 West Fourth St. For two weeks, beginning with opening day, Saturday, Oct. 24th, the following prices will be in effect. All \$25.00 suits at \$19.50. All \$35.00 suits at \$25.00.

YOUR FALL COLD NEEDS ATTENTION
No use to fuss and try to wear it out. It will wear you out instead. Take Dr. King's New Discovery, relief follows quickly. It checks your cold and soothes your cough away. Pleasant, antiseptic and healing. Children like it. Get a 50c bottle of Dr. King's New Discovery and keep it in the house. "Our family Cough and Cold Doctor" writes Lewis Chamberlain, Massachusetts, Ohio. Money back if not satisfied, but it nearly always helps. —Advertisement—

SIMPLY BREATHE IT

That's the Way You Use Hyomei, the Safe Catarrh Remedy

The most pleasant, easiest, harmless, and the really sensible method for the cure of catarrh is Hyomei, which can be had from any drug store. Just put twenty drops of the liquid in the small inhaler that comes with every complete outfit—then breathe it. A few minutes' use almost instantly clears the head and stops that annoying sniffing. When using Hyomei every particle of air that enters the breathing organs is charged with an antiseptic, healing balsam that destroys the catarrh germs, stops the unclean discharges from the nose, relieves the irritation and quickly heals the sore and inflamed tissues. The first day's use of Hyomei will show a decided improvement, no matter how distressing the trouble. Catarrh, which usually begins with a neglected cold, often becomes a very serious ailment, so don't wait, but start using Hyomei today—it is inexpensive and Rowley Drug Co. always sell it on the "No-cure-no-pay" plan.—Advertisement—

SANTA ANA, CALIFORNIA, FRIDAY EVENING, OCTOBER 23, 1914.

WESTMINSTER GRADE SCHOOL PLANS READY

Building Operations Probably
Start in Two Weeks; Hand-
some Design

Bonds for the new grade school to be erected at Westminster were bid for and secured by the Orange County Savings and Trust Company, acting for Contractor A. M. Boyd of Santa Ana, at a meeting of the Board of Supervisors held Tuesday. Attorneys are now investigating the bonds as to their legality. It is not likely that any flaws will be found in the bonds and that building operations on the new school will be started in about two weeks.

Plans for the school have been completed by Architect J. Flood Walker. The building will cost about \$13,500. It will be located across from the Southern Pacific depot at Westminster and will face the proposed county boulevard to Long Beach. The school grounds are about three acres in extent, allowing ample room for playgrounds for the students.

The school is to be in the Italian Lombardic style of architecture. The exterior walls will be faced with red-ruffled brick with break joints laid in colored mortar. There will also be inlays of white stucco.

The downstairs portion of the building, which will cover a ground space of about 70 by 105 feet, will be left unfinished for the time being.

The upstairs portion of the school will have four class rooms, an assembly and principal's room, library, cloak rooms and teachers' rooms. When entirely completed the school will be practically an 8-room school. The foundation is to be of concrete. A hot air heating system will be installed. A feature will be that the windows in the class rooms will be double hung and fitted with transoms.

The class rooms are to be lighted by the same system as that adopted in the Boston schools, that is, all the light will come from one side of the rooms. This system of lighting has been endorsed by the Associated School Architects of California.

Beautiful "Lemon Heights," the Most Picturesque, and Destined to Become the Most Productive, Citrus Growing District in America

Birdseye view of the F. B. Browning citrus groves, lying between Irvine boulevard and Red Hill, a very short distance northeast of Tustin and about five miles a little north of east of Santa Ana. These orchards are striking examples of what can be done in a few years. A grain and bean field changed in six years to a citrus orchard paying a handsome profit.

LEMON HEIGHTS, ONE OF THIS COUNTY'S MANY BEAUTY SPOTS

In the northeasterly portion of Tustin lies the fertile and frostless citrus district known as "Lemon Heights." This district lies to the east of Newport road and extends for a distance of two miles along the southern slope of the foothills. Its elevation above the floor of the valley gives it a freedom from killing frosts which constitutes a most valuable asset in citrus culture. There has never been known a temperature sufficiently low to injure citrus fruits.

One of the desirable features of this district is its scenic attractiveness; in addition to its own beauty its elevation gives the traveler a wide view of mountains and sea and plain. A system of drives has been completed which afford the tourist and sight-seer easy access to a panoramic view of mountain and valley and sea and sky which for loveliness and majesty can scarcely be surpassed. From the upper reaches of the "Heights" one has the world at his feet. Before him

lies a smiling and fertile plain thickly dotted with the homes of men. At his back rise the snow-capped mountains of the Sierra Madre range, with Old Baldy heading the procession. To the southwest stretch forty miles of ocean with Catalina lifting its purple heights out of the sparkling waters of the Pacific. To the west rolls off toward the sea the great Santa Ana Valley, reaching away to Los Angeles; one of the most fertile valleys in the world, fast filling with home-makers, and dotted with towns and villages which will soon be cities. From the "Heights" one may see five large beet sugar factories—the only place in the United States where this feat can be accomplished. To the south lies the great San Joaquin ranch of one hundred thousand acres, the property of James Irvine, with a seventeen-thousand-acre bean field spread out to view. Lemon Heights is destined to become one of the most beautiful and desirable home sections in California.

SCHOOL ENROLLMENT AT PLACENTIA IS 270

Placentia Courier: The enrollment of the Placentia grammar school has increased since the opening week from 225 to 270, the past week. The increase has been principally due to the children coming in who were picking walnuts at the opening of the term.

There is an ungraded department which is for those in the upper grades who are deficient in some one subject but not in all, as some have had the idea, and have the feeling that it is rather a reflection on them to be in that department. The teacher has fewer pupils and is able to give special attention to each pupil in the special needs, so it should be considered a privilege to be there rather than otherwise.

Manual training and sewing are given in the sixth, seventh, eighth and ungraded rooms.

The school grounds are being improved with lawn, flowers and shrubs and it would be very much appreciated by the principal, Mr. Wood, the teachers and children if the public would refrain from picking the flowers and destroying the trees.

DECORATOR FINISHES WORK ON BEAUTIFUL POMEROY RESIDENCE

J. W. Shields, the decorator, has completed one of the most distinctive and artistic pieces of work ever done in Santa Ana, that of the E. V. S. Pomeroiy residence, 718 South Broadway, the designing and superintending of which, to the slightest detail, has been done by Architect J. Flood Walker. Unusual color harmonies of richness and simplicity were used in this home, which is one of the most beautiful in Santa Ana.

GAS OFFICE MOVES
Anaheim Herald: The office formerly occupied by the Southern Counties Gas Company has been vacated and is now being fitted up by J. E. Stroup for his Anaheim Cash Market. Mr. Stroup is to be congratulated on his enterprise in fitting up one of the best markets in this city and with the additional space will be better fitted to handle the ever increasing business.

The Southern Counties Gas Company has moved its office to the new Spoor-Muckenthaler building on East Center street and is getting things in shape to look after their business after moving.

—Dr. J. W. Shaul, 417 Hollingsworth Bldg., Los Angeles, in Santa Ana office Wednesday and Saturday afternoons, 1 until 7:30 p. m. Eye, ear, nose, throat and fitting glasses.

THREE CONTRACTS

Contractor A. H. Anderson has begun the construction of three houses, one, to cost \$1500, for J. R. McMurdo corner E and Stafford streets, and two, to cost \$650 each, for Henry A. Moesser at 912 and 914 West First street. The McMurdo home will have six rooms and the two for Moesser will have four each.

NEW OIL WELLS IN FULLERTON FIELD

Fullerton Tribune: While some oil fields are laying off men, drilling continues on every lease in the Fullerton fields.

The Union Oil Company put a number of new men to work Thursday on development work and the Standard will also begin new work early next month.

In addition to the many wells being drilled here now, new wells will be started next month in the Brea, North Placentia and Olinda districts.

Up to this date only a few men have been laid off in the Fullerton fields. During the past two or three weeks some of the other companies have given employment to new men and there are about as many men employed in the local fields as at any time in the history of the Fullerton field.

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapiesin" Ends
Stomach Misery, Indigestion in 5 Minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes. Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Advertisement.

To Build 1-Story Brick on West Fourth Street

Improvements aggregating \$6000 will soon be started on the West Fourth street Gilmanacher property. New fronts will be put in the store occupied by the F. H. McElree paint store, 312 West Fourth, and in the store rooms vacated several months ago by McDermott, Mount & Company, 314 to 316 West Fourth. Chief of the improvements will be a one-story brick building to be erected immediately east of the store occupied by F. H. McElree.

Plans for the work have been completed by Architects Eley and Hawley and active building operations will begin the first of next week.

The plans call for the remodeling of the fronts of the old store rooms. When completed, these fronts will conform to the new front of the building to be put up adjoining the McElree store. Enamelled face modeled brick will be used for the piers of the fronts.

The new building will be 80 by 24 feet in size, with a 20 by 24-foot basement at the rear.

Plate glass is to be used in all the fronts and they will be entirely modern in every respect. The store room vacated by McDermott, Mount & Company will be divided by a partition, thus making two rooms.

The basements, which have been excavated ever since the old buildings were erected, will be put in shape for use. Concrete floors will be put in and other work done to make the basements convenient and substantial.

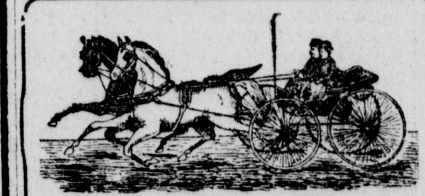

**OLIVE GROWERS TALK
OVER BUILDING PLANS**
Orange News: Growers who will compose the Olive Hillside Groves Association, which was organized some time ago, met last evening to discuss plans. The association, composed of growers in the vicinity of Olive, expects to erect a packing house in the near future.

NEW ADDITION READY
La Habra Valley Progress: The Stern & Goodman Mercantile Co. announce that the addition to their new store will be ready and opened for business on November 1. The new room is 20 by 85 feet, and in it they will have their line of dry goods, clothing and gents' furnishings. This handsome addition to their floor space will permit the company to carry a line of goods nearly double that carried by any other firm in the La Habra Valley. It will be the aim of their manager, Harry Ray, to conduct their business along the lines of an up-to-date city department store.

SOME BIG APPLES
Huntington Beach News: George W. Wardwell reports that he picked 45 apples from a three-year-old tree in the yard of his home on Main street. The fruit is of the Pippin variety and the largest one measured 12½ inches in circumference and weighed 14 ounces.

**BAREFOOT BOYS IN
BURGLARY OF STORE**
Fullerton Tribune: Burglars entered the store room of the Beltz Cycles Wednesday night and made away with a quantity of merchandise, the value of which is said to be about \$250.

From tracks in the rear of the store, where entry was made through a window, it is apparent that the job was done by boys. There were probably several in the gang, one or two in bare feet and others who wore shoes. Their booty includes a large number of pocket knives, some revolvers and ammunition, two watches, batteries, flash lights, and perhaps other articles. Their selection from the large stock of cutlery shows a nice distinction between the best and that of a cheaper grade, the latter being left, while the more valuable was taken.

The basements, which have been excavated ever since the old buildings were erected, will be put in shape for use. Concrete floors will be put in and other work done to make the basements convenient and substantial.

**ANAHEIM CITY HALL
IS TO COST \$30,000**

Anaheim Gazette: Architect Durfee has completed plans and specifications for the new city hall to be erected in this city. It will be a two-story brick structure and the work will include the remodeling of the present structure. It will contain offices for the city officials and a jail and fire hall. The cost is estimated at about \$30,000. Some changes are to be made in the plans, after which bids will be advertised for.

Stockholders Meeting
—The annual meeting of the stockholders of the Tustin Hills Citrus Association will be held at the Association packing house Monday Oct. 26, at 9 a. m. for the purpose of electing directors for the ensuing year and for the transaction of any other business that may properly come before the meeting. A full attendance is desired.

WILL BE ONE OF COUNTYS' SHOW PLACES

Plans for what will undoubtedly prove one of the handsomest and most attractively located residences in Orange county will be completed by the first of next week by Architect J. Flood Walker for Max L. Hubermann, who recently purchased 77 acres of land about two miles north of El Modena.

About \$4000 will be expended in remodeling and altering the house at present located on the Hubermann property. It is planned to make the home conform to a colonial design. All the rooms are to be entirely remodeled, plastered and papered. A new stairway is to be built and many other changes made.

The house to be remodeled is located on a knoll overlooking Santiago canyon and commands one of the most beautiful views in the county. On clear days Catalina Island may be seen.

INSTRUCTIONS TO VOTERS AND TO ELECTION BOARDS

ELECTION LAWS. I.—CONSTITUTION OF CALIFORNIA, ARTICLE II. Who May Vote.

Section 1.—Every native citizen of the United States, every person who shall have acquired the rights of citizenship under or by virtue of the treaty of Queretaro, and every naturalized citizen thereof, who shall have become such ninety days prior to any election, of the age of twenty-one years, who shall have been a resident of the state one year next preceding the election, and of the county in which he or she claims his or her vote ninety days, and in the election precinct thirty days, shall be entitled to vote at all elections which are now or may hereafter be authorized by law; provided, no native of China, no idiot, no insane person, no person convicted of any infamous crime, no person hereafter convicted of the embezzlement or misappropriation of public money, and no person who shall not be able to read the Constitution in the English language and write his or her name, shall ever exercise the privileges of an elector in this state; provided, that the provisions of this amendment relative to an educational qualification shall not apply to any person prevented by a physical disability from complying with its provisions, nor to any person who now has the right to vote, nor to any person who shall be sixty years of age and upwards at the time this amendment shall take effect. (Amendment adopted Nov. 6, 1894.)

II.—FOLIOICAL CODE Proceedings on Failure to Appear or Attend.

Section 1144.—If the board of supervisors fail to appoint the board of election, or the members appointed do not attend at the opening of the polls on the morning of the election, the electors of the precinct present at that hour may appoint the board or supply the place of an absent member thereof.

Ballot Box Must Be Exhibited.

1162.—Before receiving any ballots the board must, in the presence of any persons assembled at the polling place, open and exhibit and close the ballot box; and thereafter it must not be removed from the polling place or presence of the bystanders until all the ballots are counted, nor must it be opened until after the polls are finally closed.

Opening and Closing the Polls—Time of.

1160.—The polls must be opened at six o'clock a.m. of the day of election, and must be kept open until seven o'clock p.m. of the same day, when the polls shall be closed, except as provided in Section 1164 of this code.

Secrecy to Be Preserved.

1215.—No officer of election shall disclose to any person the name of any candidate for whom any elector has voted. No officer of election, nor any person, shall do any electioneering on election day within one hundred feet of any polling place. * * * No person shall ask another at a polling place for whom he intends to vote. * * * No person shall solicit a vote or speak to a voter on the subject of marking his ticket within one hundred feet of the polling place.

Manner of Voting.

1264.—Any person desiring to vote shall write his or her name and address (or if he or she be unable to

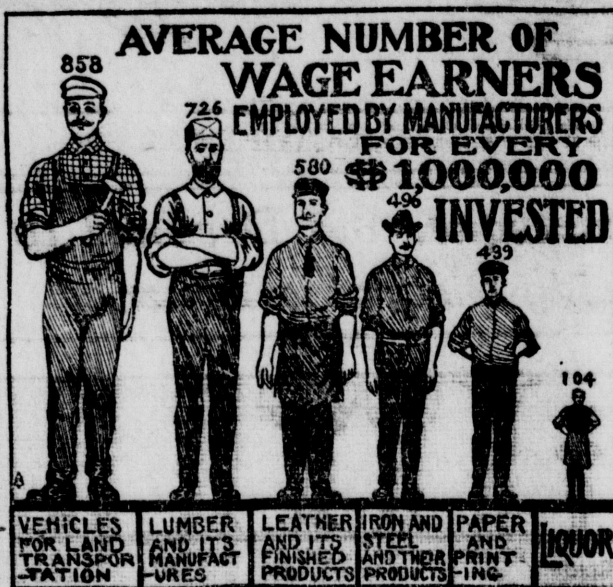

write, shall have the same written for him or her) on a roster of voters provided for that purpose and announce the same to one of the election officers, who shall then in an audible tone of voice announce the same, and if another election officer finds the name on the register, he shall in a like manner repeat the name and address, whereupon a challenge may be interposed as provided in Section 1230 of this code. In case the surname of any female person offering to vote has been changed by reason of marriage or divorce since registration such person shall sign her name as it was before such marriage or divorce and also her name as it is at the time she votes, indicating on the roster by brackets or other means, that the two names are the names of one person. In all cases except in those where the name and address of the voter is written on the roster of voters for him, as above provided, it shall be the duty of the election officer in the presence and view of the bystanders to compare the signature of the voter on the roster of voters with the signature of that person on the register and no ticket shall be given such voter until such comparison of signatures shall have been made and until such a comparison has been made, as aforesaid, the right of a voter to vote may be challenged. If the challenge be overruled, the election officer shall give the voter a ticket and the clerk shall write on the register opposite the name of the voter the number of the general ticket given him and also the number of the municipal ticket given him when any city, county or town officer is to be elected, and the voter shall be allowed to enter the place enclosed by the guard rail as above provided. The election officer shall give him but one general ticket and where any city, county or town officer are to be elected also one municipal ticket and only one ballot of each kind and in order to prevent voters from marking their ballot with a pencil or otherwise contrary to law, it shall be the duty of the election officer whenever he shall deliver a ballot to any voter to then orally distinctly state to him, so that it may be heard by the bystanders, that he must mark the ballot with the stamp provided by law or it will not be counted.

Voters Assisted—How.

1208.—When it appears from the register that any elector has declared under oath, when he registered, that he cannot read, or that by reason of physical disability he is unable to mark his ballot, he shall, upon request, receive the assistance of two of the officers of election, of different political parties, in the marking thereof, to be chosen as follows: One by the inspector then receiving the ballots, and the other by the judge of the opposite political party which at the last election cast the highest number of votes throughout the state, and in the event there are more judges than one of said party, then by the one of said judges who shall be named by said inspector. Neither of the persons appointed shall be of the same political party with the person appointing, nor shall either of said persons so making said appointments appoint the other for said purposes. Such officers shall thereafter give no information regarding the marking of said ballot. The officers

OF INTEREST TO LABOR

C. H. Noll

Liquor gives least employment to labor. (Youth Instructor)

These amounts are based on the wage of \$3.50 per day, (Approximately).

Abolish the liquor traffic and let loose the money tied up in it, to be invested in business that will employ more labor and add wealth and not destruction to the state.

If the 1000 drinking men in Los Angeles, who do not support their families, could be sobered up and would buy groceries, shoes and clothes for them, who could estimate the boom in business?

Many wives and children of drinking men are driven into the labor market to earn a living.

The wineries of California do not pay living wages.

Mr. Stoll, said to be Secretary of the Grape Protective Association, in his report, says that "Prohibitive prices had to be paid to Japs, Hindus, etc., to pick last year's crop, but with the opening of the Panama Canal it is expected that the influx of immigration from Southern Europe will help adjust the vexing problem."

TO VOTE FOR "DRY" CALIFORNIA VOTE "YES" ON PROHIBITION AMENDMENT No. 2

This Tract, 15c per 100; \$1.25 per 1000 at California Dry Federation, 322-6 California Bldg., Los Angeles, Cal.

making such appointments shall make the same in writing, and sign the same, and upon the same paper the persons so appointed shall subscribe and take the following oath before assisting such elector, etc.

Grounds of Challenge.

1230.—A person offering to vote may be orally challenged by any elector of the county upon either or all of the following grounds:

- (1) That he or she is not the person whose name appears on the register.
- (2) That he or she has not resided within the state one year next preceding the election.
- (3) That he or she has not been a naturalized citizen of the United States for ninety days prior to the election.
- (4) That he or she has not resided within the county for ninety days preceding the election.
- (5) That he or she has not resided within the precinct for thirty days next preceding the election.
- (6) That he or she has before voted that day.
- (7) That he or she has been convicted of an infamous crime.
- (8) That he or she has been convicted of the embezzlement or misappropriation of public money.
- (9) That he or she cannot read as required by the constitution, and does not appear by statement in the affidavit of registration to be entitled to vote notwithstanding such inability.

Challenge on Ground of Conviction of Crime, or Person Cannot Read.

1235.—If the challenge is on the ground that the person challenged has been convicted of an infamous crime, or that he or she has been convicted of the embezzlement or misappropriation of public money, he or she must not be questioned, but the fact may be proved by the production of an authenticated copy of the record, or by the oral testimony of two witnesses. (Amendment approved April 16, 1880; in effect immediately.)

Challenge on Ground of Inability to Read.

1236.—If the challenge is on the ground that the person challenged cannot read as required by the constitution, and it does not appear by the statement in the affidavit of registration that said person is entitled to vote notwithstanding such disability, the challenge shall be determined by the board by the inspection of the said affidavit, and by requiring the person offering to vote (if it does not appear from said affidavit that the

Figured on the basis of this illustration, a million dollars invested in different businesses pays wages to Labor annually as follows:

LIQUOR TRAFFIC	\$104,000
PAPER AND PRINTING	439,000
IRON AND STEEL	495,000
LEATHER GOODS	580,000
LUMBER, ETC.	725,000
VEHICLES	850,000

The Amount of Wages Paid Compared Is As Follows:

Liquor Traffic	Is As Follows:
Paper and Ptg.	
Iron and Steel	
Leather Goods	
Lumber, Etc.	
Vehicles	

Will you vote to sustain and bolster up a business whose life depends on the pauper labor of Europe?

Alcoholic drink not only robs the laboring classes, but it destroys their ability to earn money.

Bishop Conaty says: "It sucks the life blood out of labor."

By life insurance statistics, a total abstainer, twenty years old, has a prospect to live to be 65; while a moderate drinker, only to 51. Thus liquor robs him of thirteen years of his life and robs his family of thirteen years of his wages and society.

It not only kills the drinker, but his children also.

Prof. Latinen of Helsingborgs University, after investigating 5000 families, reported that of every 100 children born of total abstaining parents, 13 die; while children of moderate (one glass of 4 per cent beer a day) drinking parents, 32 die; and of drinking parents, 32 out of every 100 die as infants.

Thus the liquor traffic and the people who vote to perpetuate it, are responsible for 29 little lives, out of every 200 born of drinking parents.

But a sadder fact still stands out in bold relief. Strong drink puts its blight upon the children that live. Read carefully this statement:

T. A. MacNicholl, M. D., of New York, studied the family history of 3711 school children, as to the effect of alcohol with this result. Children whose parents and grandparents were total abstainers, 96 per cent were proficient in their studies, 4 per cent dullards, 18 per cent with organic or nervous diseases.

Those whose parents and grandparents drank, 23 per cent were proficient, 77 per cent dullards, 76 per cent with organic or nervous diseases.

Can California afford to perpetuate a business of this kind for the dollars there are in it? Certainly not. Kill it. Vote for prohibition November 3.

ed and held to be the residence of a person in which his habitation is fixed, and to which, whenever he is absent, he has the intention of returning.

(2) A person must not be held to have gained or lost residence by reason of his presence or absence from a place while employed in the service of the United States, or of this state, nor while engaged in navigation, nor while a student at any institution of learning, nor while kept in an almshouse, asylum or prison.

(3) A person must not be considered to have lost his residence who leaves his home to go into another state, or precinct within this state, for temporary purposes merely, with the intention of returning.

(4) A person must not be considered to have gained a residence in any precinct into which he comes for temporary purposes merely, without the intention of making such precinct his home.

(5) If a person move to another state with the intention of making it his residence, he loses his residence in this state.

(6) If a person remove to another state with the intention of remaining here for an indefinite time, and as a place of present residence, he loses his residence in this state, notwithstanding he entertains an intention of returning at some future period.

(7) The place where a man's family resides must be held to be his residence, but if it be a place for temporary establishment, or for his family, or for transient objects, it is otherwise.

(8) If a man have a family fixed in one place, and he does business in another, the former must be considered his place of residence; but any man having a family, and who has taken up his abode with the intention of remaining, and whose family does not so reside with him, must be regarded as a resident where he has so taken up his abode.

(9) The mere intention to acquire a new residence, without the fact of removal, avails nothing; neither does the fact of removal, without the intention. (Amendment approved March 27, 1897.)

Term of Residence, How Computed.

Sec. 1240.—The term of residence must be computed by including the day on which the person's residence commenced, and by excluding the day of the election.

Rules Must Be Read, If Requested.

Sec. 1241.—Before administering an oath to a person touching his place of residence, the inspector must, if requested by any person, read to the person challenged the rules prescribed by sections one thousand two hundred and thirty-eight and one thousand two hundred and thirty-nine.

List of Challenges.

1243.—The board must cause one of the clerks to keep a list, showing:

- (1) The names of all persons challenged.
- (2) The grounds of such challenges.
- (3) The determination of the board upon the challenge.

Proclamation That Polls Are Closed.

1164.—When the polls are closed that fact must be proclaimed aloud at the place of election; and after such proclamation, no ballot must be received; provided, however, that if at the hour of closing there are any other voters in the polling place, or in line at the door, who are qualified to vote, and have not been able to do so since appearing, the polls shall be kept open a sufficient time to enable them to vote. But no one who shall arrive at the polling place after seven o'clock in the afternoon shall be entitled to vote, although the polls may be open when he arrives.

Canvassing the Vote.

1152.—As soon as the polls are finally closed the judges must immediately proceed to canvass the votes given at such election. The canvass must be public, in the presence of bystanders, and must be continued without adjournment until completed and the result thereof is declared.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under its personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

HOTELS FOR HEALTH RESORTS OR PLEASURE

LOST—RHEUMATISM AND STOMACH TROUBLES. FOUND—HEALTH AND HAPPINESS AT MURRIETTA HOT SPRINGS, MURRIETTA, CAL. America's finest Sulphur and Mud Baths and Swimming Pool. Booklet at Information Bureau, or by writing, Fritz Guenther, Prop. J. Guenther, Manager.

BEST LAXATIVE FOR BOWELS—CASCARETS

When Constipated, Headachy, Bilious, Breath Bad, Stomach Sour

Get a 10-cent box.

Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passage every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your drugist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.—Advertisement.

OPENS UP NOSTRILS, CLEARS HEAD, ENDS COLDS OR CATARRH AT ONCE

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops.

Get a small bottle anyway, just to try it—apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet fragrant

balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

Is Your Office Warm Enough?

You can work in comfort by using a

PERFECTION OIL HEATER

It burns all day without re-filling, on a gallon of oil. Needs little attention. For best results use Pearl Oil.
